

Jeffrey W. Wadelin, PhD

Biographical Sketch

Dr. Wadelin is Associate Executive Director for ACPE. His responsibilities include leadership and involvement with all elements of ACPE's quality assurance activities, including professional degree program accreditation in the US, continuing pharmacy education provider accreditation, international degree program certification and consultation, and directing the standards revision process. He also is involved in general administration at ACPE, including IT, HR, and communications, and makes presentations and represents ACPE at various local, regional, national, and international events. Dr. Wadelin earned a BS degree in pharmacy from Ohio Northern University and MS and PhD degrees in pharmaceutical administration from The Ohio State University.
