

CPE Evaluation Form (Rubric) Continuing Pharmacy Education (CPE) Standards

ACPE Provider Reviewed: _____

Directions

- 1) Please do a quick review of the narrative and supporting documents in the provider's Self-Assessment Report to get a general sense of areas of strength, weakness or where documentation appears to be lacking.
- 2) Carefully read the narrative and review supporting documents for each criterion and assess each item by marking one of the checkboxes in each row of the evaluation form:
 - **Meets Criterion:** The provider has achieved all the elements required by the criterion.
 - **Noteworthy Finding:** The provider has exceeded the requirements of the criterion. The provider shows a commitment to continuous quality improvement. It is honest about its areas of strength and weakness and presents viable plans in areas where it may need improvement. The provider is making a documented effort to cultivate an environment of research, information sharing and innovation.
 - **Needs Improvement:** The provider has not achieved all the elements required by the criterion.
 - **Additional Documents Required:** There is inadequate information in the narrative or documentation to assess whether the provider meets the criterion. For example, the provider's discussion is absent, or incomplete or requested supporting documents are missing.
 - **N/A - Not Applicable:** This section of the criterion does not apply.

Please note that "Meets Criterion" appears before "Noteworthy Finding" on the forms because the core requirements of each criterion must be met before a criterion should be considered as noteworthy.

- 3) If you indicate that a standard is "Noteworthy," "Needs Improvement" or "Additional Documents Required," briefly write the reason for your assessment in the comment area to assist ACPE staff in making appropriate recommendations to the provider.

Instructions for Determining the Overall Assessment of a Standard:

Use the following guide to determine the overall assessment for a standard:

1. If all criterion requirements are "Meets," then rate the entire standard as "Meets".
2. If the criterion requirements are "Meets" and "Noteworthy," then rate the entire standard as "Noteworthy".
3. If the criterion requirements are "Meets" and "Additional Docs Required", then rate the entire standard "Additional Docs Required".
4. If any criterion requirement is "Needs Improvement", then rate the entire standard as "Needs Improvement".

**CPE Standards: Section II -- Delivery
Standard 6: Faculty**

Criterion and Evidence	Meets Criterion	Needs Improvement
Faculty Selection (Attach a description of the faculty selection process; include relevant evidence.)	Faculty members are selected on their knowledge of the subject matter [by the time of the CPE activity]; experience and teaching ability; and ability to meet the educational needs of the learners. Meets <input type="checkbox"/>	Faculty members are selected based on convenience or ability to draw a large audience rather than knowledge of the subject matter, experience, and teaching ability; or ability to meet the educational needs of the participants. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Faculty Support Guidance (Attach a description of verbal guidance along with written guidance documents.) [♦]	The provider communicates, collaborates, and assists faculty regarding the identified educational needs, developing material and handouts and engages faculty in a dialogue giving verbal and written guidance. Guidance includes preparing pharmacists to provide patient-centered collaborative care as described in the Pharmacists' Patient Care Process. Meets <input type="checkbox"/>	The provider gives little information to assure that the faculty member will be an effective educator. Little or no written faculty guidance is given aside from acceptance letters and activity logistics. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Faculty Guidance for Objectives	Verbal and written information is provided to faculty to assure that CPE activities meet ACPE's Standards for developing objectives. Meets <input type="checkbox"/>	The provider gives little information to educate and assure that the faculty member will develop specific and appropriate objectives. Little or no written faculty guidance is given aside from acceptance letters and activity logistics. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Faculty Guidance for Learning Assessment	Verbal and written information is provided to faculty to assure that CPE activities meet ACPE's Standards for incorporating appropriate assessments of learning into CPE activities. Meets <input type="checkbox"/>	The provider gives little information to educate and assure that the faculty member will provide appropriate and constructive feedback to learners. Little or no written faculty guidance is given aside from acceptance letters and activity logistics. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Faculty Guidance for Active Learning	Verbal and written information is provided to faculty to assure that CPE activities meet ACPE's Standards for incorporating active learning opportunities into CPE activities. Meets <input type="checkbox"/>	The provider gives little information to educate and assure that the faculty member will incorporate active learning techniques. Little or no written faculty guidance is given aside from acceptance letters and activity logistics. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>

If the rating is Needs Improvement, briefly explain the rationale:

[♦] Written guidance 1) includes administrative information (letters of agreement, disclosure forms, information about activity logistics, etc.); 2) describes the characteristics of the audience; 3) explains faculty's role in assuring that activities meet ACPE's expectations for developing learning objectives, active learning, learner assessment and feedback, etc.; and 4) promotes effective educational practice with articles and readings on teaching and learning, and on developing and incorporating active learning exercises and learning assessments into activities.

Standard 7: Teaching and Learning Methods

Criterion and Evidence	Meets Criterion	Needs Improvement
Active Participation in Live CPE (Attach a description of what is done to foster active participation of learners in live activities; include examples of actual learning materials.)	The provider designs and implements learning activities to foster active participation as a component of <u>live</u> CPE instructional approaches using a variety of techniques including pre- and post-testing, quizzes, case studies, simulation exercises, problem-solving, group discussion, etc. Meets <input type="checkbox"/> or N/A (live CPE not offered) <input type="checkbox"/>	<u>Live</u> CPE activities present information with few structured opportunities for the participants to interact with each other, with the faculty, or work with the information for the purpose of clarification, additional learning, practicing what they are learning, or evaluating whether they have met activity objectives. Meets <input type="checkbox"/>	The objectives are not addressed by an active learning activity. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Noteworthy Finding (The provider must meet all preceding criteria of the standard and include supporting evidence.)	The provider uses faculty development and a systematic approach to create activities that foster active participation in learning. The provider's organization fosters a culture of research by formally evaluating and disseminating their practices and experiences to improve the quality of adult education. Examples include presentations, poster sessions, letters/newsletters in relevant publications, published papers, drafts or research proposals. The provider innovates and experiments with delivery methods based on educational literature to improve participant learning and documents outcomes in order to further improve future activities. (Examples of data and literature used to determine educational delivery methods and comparative outcomes data are supplied.) <div style="text-align: right;">Noteworthy <input type="checkbox"/></div>

**CPE Standards: Section III -- Assessment
Standard 9: Assessment of Learning**

Criterion and Evidence	Meets Criterion	Needs Improvement
Learning Assessment Required (Attach a description of how participants are evaluated on activity objectives and include learning assessments with participant results.)*	The provider and faculty include learning assessments in each CPE activity for participants to assess the content learned. Meets <input type="checkbox"/>	The provider does not use a mechanism to allow all participants to assess the content learned. Or the assessment questions ask participants whether they have met objectives rather than directly testing their knowledge. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Learning Assessment Required for Credit (Attach a description of how learning assessments are documented for credit.)	Participants complete a learning assessment for CPE credit. Meets <input type="checkbox"/>	The provider does not use a learning assessment as the basis for awarding CPE credit. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Learning Assessment for Knowledge-based CPE	Knowledge-based CPE activities include assessment questions to determine recall of facts. Meets <input type="checkbox"/> or N/A (Knowledge-based CPE not offered) <input type="checkbox"/>	Knowledge-based CPE activities do not include assessment questions to determine recall of facts. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>

Meets <input type="checkbox"/>	The objectives are not covered by a learning assessment. Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/>
Noteworthy Finding (The provider must meet all preceding criteria of the standard and include supporting evidence.)	The provider experiments with a variety of self-assessment mechanisms including, but not limited to, pre- and post-testing, post-testing alone with group discussion and critique of answers, patient case-study discussions, and problem-solving exercises. The provider's organization fosters a culture of research and evaluation to not only improve learning of activity participants, but also to add to the literature in adult and continuing education. Activities and tests are designed to go beyond the simple recall of facts and seek to demonstrate learning with an emphasis on integration and utilization of knowledge in professional practice. Noteworthy <input type="checkbox"/>	

If the rating is Needs Improvement or Noteworthy, briefly explain the rationale:

- The provider may select formal and informal techniques for assessment of learning. Informal techniques typically involve participant discussions. Formal techniques, such as tests and quizzes, are typically individualized, written, and graded.

Standard 10: Assessment Feedback

Criterion and Evidence	Meets Criterion	Needs Improvement
<p>Appropriate, Constructive Feedback to Learners</p> <p>(Attach a description with examples of how feedback is provided to participants.)</p>	<p>Learner assessment feedback is provided to participants in an appropriate and constructive manner.</p> <p style="text-align: right;">Meets <input type="checkbox"/></p>	<p>Learner assessment feedback is not provided to participants in an appropriate or constructive manner. For example, faculty or teaching materials prompt students with the correct answers for the purpose of passing the test rather than learning and applying the material. (e.g., a presenter saying, "... this concept is REALLY important, and you might see it again, SOON.")</p> <p>Opportunities to cheat are present. (e.g., giving answers to questions before post tests are collected.)</p> <p style="text-align: right;">Needs Improvement <input type="checkbox"/> or Additional Docs Required <input type="checkbox"/></p>

<p>Noteworthy Finding</p> <p>(The provider must meet all preceding criteria of the standard and include supporting evidence.)</p>	<p>The provider has a system of pre-testing, post-testing, <u>and</u> structured remediation to help participants to master the material. When responses are incorrect, the provider explains the rationale for the correct responses and provides supplemental information.</p> <p style="text-align: right;">Noteworthy <input type="checkbox"/></p>
