Evaluation Instrument for Certification of Professional Degree Programs of Schools of Pharmacy based outside the United States of America

(Version for Members of On-Site Evaluation Teams)

Reviewer’s Name: _______________________________________________________
Dates of Site Visit: _______________________________________________________

Introduction: The Evaluation Instrument for Certification of Professional Degree Programs of Schools of Pharmacy based outside the United States of America is designed for evaluation team members to review and document how a pharmacy degree program is addressing ACPE’s International Quality Criteria. The instrument identifies the documents, data and descriptive text that need to be provided by the school for evaluation during the on-site visit in order to determine how the program is addressing each of the Quality Criteria.

The instrument (commonly referred to as the “Rubric”) is used by members of the on-site evaluation team to validate the school’s Self-Study Report and as the basis for the Evaluation Team Report (ETR) sent to the school, the ACPE International Commission, and the ACPE Board of Directors. The findings of the evaluation team are used to advise ACPE’s International Commission (IC) and Board of Directors. The ACPE Board of Directors will consider the ETR, other supplementary information, and the recommendation of the IC in order to determine the pharmacy degree program’s overall compliance with ACPE’s International Quality Criteria and to prepare the ACPE Action and Recommendations (A&R) document, which is the official certification action.

Note: To preserve confidentiality, team members should destroy copies of their evaluation forms and any notes or documents related to evaluation of the program once the Evaluation Team Report has been finalized.

This section should only be completed by ACPE staff.

☐ Consensus Rubric: To be completed by the Evaluation Team Leader (ACPE Staff Member) if this document is used as a consensus rubric.

Directions for Completing the Evaluation Instrument

Review the self-study report provided by the school and other background material supplied by ACPE. You may modify your responses during the evaluation team visit based on new information and clarifications during the interview process. For each Quality Criterion, do the following:

1) **Documentation and Data:** Use a check ☒ to indicate documents and data provided by the school that have been submitted in advance or made available on site.

   For each Quality Criterion, the following documentation and data sections are included:
   - Required Documentation and Data
   - Required Documentation for On-Site Review (may not apply to all Criteria)
   - Optional Documentation and Data

   A full list of the required documentation and data for the self-study report or to be available on-site, as well as optional documentation and data that can be submitted by the school, can be accessed at [https://www.acpe-accredit.org/international-services-program/](https://www.acpe-accredit.org/international-services-program/). If a school cannot provide certain required data or documentation, they have been requested to provide an explanatory note.

2) **Program Evaluation:** Rate the program on aspects of the Criterion using the following scale:
   - The program is in **full or substantial compliance** with the criterion (FSC)
   - The program needs **minimal improvement** to achieve compliance with the criterion (MI)
   - The program needs **substantial improvement** to achieve compliance with the criterion (SI)

3) **School's Comments on the Quality Criterion:** The school's text should have described: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school’s self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should have provided evidence that the plan is working. Specific areas that should have been addressed by the school are noted for each criterion.

   Suggested page limits have been provided for each criterion to comply with ACPE’s **overall limit of 90 – 100 pages for all 26 criteria** used by schools in their self-study reports for the descriptive text used to address this element of the self-study report. Appendices, tables and figures included in the text, do not count towards the page limit. Most criteria have been assigned 2 - 4 pages; exceptions are: Criterion 11 (4 - 6 pages), Criterion 13 (4 - 6 pages), Criterion 18 (4 - 6 pages), and Criteria 23 - 26 (4 - 6 pages each). Schools are free to choose how they allocate the 90 – 100 page limit among the 26 criteria, but the individual page limits suggested for each criterion give an indication of the level of detail expected by ACPE.

4) **Final Team/Member Evaluation:** Assess compliance of the program on the criterion using the following classifications:

   **Compliant:**
   No factors exist that compromise current compliance; no factors exist that, if not addressed, may compromise future compliance.

   **Compliant with Monitoring:**
   - No factors exist that compromise current compliance; factors exist that, if not addressed, may compromise future compliance
   - Factors exist that compromise current compliance; an appropriate plan exists to address the factors that compromise compliance; the plan has been fully implemented; sufficient evidence already exists that the plan is addressing the factors and will bring the program into full compliance.

   **Partially Compliant:**
   Factors exist that compromise current compliance; an appropriate plan exists to address the factors that compromise compliance and it has been initiated; the plan has not been fully implemented and/or there is not yet sufficient evidence that the plan is addressing the factors and will bring the program into compliance.
Non Compliant:
• Factors exist that compromise current compliance; an appropriate plan\textsuperscript{3} to address the factors that compromise compliance does not exist or has not yet been initiated \textit{for}
• Adequate information was not provided to assess compliance\textsuperscript{6}

Notes:
1. Compliant means \textit{meets}, \textit{substantially meets}, or \textit{exceeds} the requirements and expectations of the criterion. A program may have elements of a Quality Criterion that are assessed as needing improvement, but overall the Quality Criterion may be rated as Compliant.
2. Factors could include innovations and planned or unplanned substantive changes to the program.
3. A plan is appropriate (acceptable to ACPE) if it meets the following criteria: is likely to succeed, is feasible, has been approved by the university or applicable authority (if necessary), has an acceptable timeline, and is adequately resourced.
4. Fully implemented means that all components of the plan have been implemented and are proceeding to completion; no additional steps need to be taken; all that is required is continued monitoring and collection of assessment data to provide further evidence that the plan is succeeding as intended.
5. Initiated means that some of the first steps of the plan have been started.
6. Other than for the first bullet point under Non Compliant, the above classifications assume that the information provided was adequate to assess compliance. Information to assess compliance may come from a self-study report, an on-site evaluation, a post-visit supplementary report, or an interim report.

5) \textbf{Recommended Monitoring}: If applicable, briefly describe issues or elements of the criterion that may require further monitoring.

\textbf{ACPE Annual Monitoring Policies}
ACPE’s Annual Monitoring Policies can be found on the ACPE website (see Policies and Procedures Paragraph 12.6). The criteria specified in the policies, such as, passing rate of graduates on national licensure examinations are not incorporated in ACPE Quality Criteria and in and of themselves are not used as a direct determinant of compliance or non-compliance. The criteria are used as the basis for ongoing monitoring of programs and, when applicable, requests for additional information from a school of pharmacy. The policies provide an indication of what data would trigger additional monitoring by ACPE in accordance with the policy. Programmatic data that fall outside of the monitoring parameters may be indicative of underlying issues that could impact compliance with certification quality criteria.

The Annual Monitoring Policies are most relevant to:

• Criterion No. 3: Strategic Planning and Continuous Quality Improvement (changes and trends in enrollment)
• Criterion No. 5: School and University Internal Relationships (changes and trends in academic staff resources)
• Criterion No. 17: Enrollment Management (changes and trends in enrollment)
• Criterion No. 19: Academic and Other Staff Resources - Quantitative (changes and trends in staff resources)
• Criterion No. 20: Academic Staff Resources – Qualitative (changes and trends in staff resources)
• Criterion No. 26: Physical Facilities (changes and trends in enrollment)
• Criterion No. 26: Financial Resources (changes and trends in enrollment)
Overview of the School and Program

The school was invited to provide an overview of changes and developments related to the program and the school since the last comprehensive on-site evaluation. The summary should have been organized by the six sections of the Quality Criteria.

**Note:** This is not a requirement for a school’s first self-study report.

Team Member Comments (if applicable):
Summary of the School’s Self-Study Process

The school should have provided a summary of the self-study process. ACPE does not require any supporting documentation for the Summary of the Self-Study Process; however, the school may provide supporting documentation (such as, a list of the members of the self-study committees) as an appendix in the self-study report. The members of the on-site evaluation team should use the following form to evaluate the school’s self-study process and the clarity of the report, and provide feedback to assist the school to improve the quality of future reports.

Section 1
Mission, Planning, and Evaluation

Criterion No. 1: Mission, Goals, and Values: The school operates under a defined mission, which is compatible with the mission of the university and is developed with broad input from school stakeholders. The mission, goals and values reflect a commitment to continuous quality improvement in education, research, scholarship, and community service, and to being socially accountable in its activities.

1) Documentation and Data:
Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

Required Documentation and Data:
- ☐ The mission, goals and values of the university
- ☐ The annual report of the school
- ☐ The annual report of the university
- ☐ A description of current pharmacy practice in the country, in all of its manifestations and practice sites

Required Documentation for On-Site Review:
(No required for this Criterion)

Optional Documentation and Data:
- ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

2) Program Assessment: Use the checklist below to assess the program’s compliance with the requirements of the criterion:

3) School's Comments on the Criterion: The school's descriptive text and supporting evidence should have specifically addressed the following. Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school's self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

- ☐ The mission is aligned with national needs and the profession-wide vision for pharmacy practice, the pharmaceutical sciences, and education
- ☐ The mission and associated goals address or support:
  - student-centered pedagogy
  - contributions by the academic staff to the development and transmission of knowledge
  - the intellectual growth of students through scholarship
  - inter-professional collaboration in education and practice of health professionals
  - leadership development
  - postgraduate education and training of pharmacists
  - professional behavior and harmonious relationships among administrators, staff, and students
  - social accountability
- collaborations that advance the mission
- any specific goals that are a focus or priority of the school

☐ The school collaborates with all areas of the profession and is involved in the development of the national, profession-wide vision for pharmacy practice, science, and education
☐ The mission is developed, adopted, reviewed and updated on a regular basis
☐ The mission is communicated to stakeholders
☐ Any other notable achievements, innovations or quality improvements

- Factors exist that compromise current compliance; an appropriate plan exists to address the factors that compromise compliance and it has been initiated; the plan has not been fully implemented and/or there is not yet sufficient evidence that the plan is addressing the factors and will bring the program into compliance.
- Factors exist that compromise current compliance; an appropriate plan to address the factors that compromise compliance does not exist or has not yet been initiated.
- Adequate information was not provided to assess compliance.

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 2: Professional, Ethical and Harmonious Environment: The school values and provides an environment that promotes professional and ethical behavior, effective communication, and harmonious and productive relationships among administrators, academic and other staff, preceptors, and students.

1) Documentation and Data:

   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ The school's code of ethics and/or code of conduct

   **Required Documentation for On-Site Review:**
   (None required for this Criterion)

   **Optional Documentation and Data:**
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

3) School's Comments on the Criterion: The school's descriptive text and supporting evidence should have specifically addressed the following. Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school's self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, school should provide evidence that the plan is working.

   - ☐ The school values and provides an environment that promotes professional and ethical behavior and effective communication
   - ☐ The mission, goals, structure and governance of the school promote and foster harmonious relationships among administrators, academic and other staff, preceptors, and students
   - ☐ Any other notable achievements, innovations or quality improvements

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
**Criterion No. 3: Strategic Planning and Continuous Quality Improvement:** The school has a systematic process of planning, implementation, and monitoring to support the achievement and advancement of its mission and values. Strategic planning involves input from the stakeholders of the school. Administrators identify and allocate the necessary resources to implement and achieve desired improvements.

1) **Documentation and Data:**
   
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ The school’s strategic plan (current or latest available)
   - ☐ The strategic plan of the university (current or latest available)

   **Required Documentation for On-Site Review:**
   *(None required for this Criterion)*

   **Optional Documentation and Data:**
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - ☐ The mission serves as the basis for strategic planning
   - ☐ The school develops, implements, monitors progress of, and revises its strategic plan
   - ☐ The strategic planning process involves key stakeholders
   - ☐ The plan is aligned with the strategic plan of the university, and has the support, both programmatic and resources, of the university’s administration
   - ☐ The strategic plan is communicated to key stakeholders

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
**Criterion No. 4: Assessment of Achievement of Mission and Goals:** The school establishes and uses measures to evaluate the achievement of the mission and goals. Assessment data are used to identify opportunities for quality improvement and shape future goals and planning. Assessment involves input from stakeholders of the school.

1) **Documentation and Data:**
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ A list of objective or subjective measures used in the assessment and evaluation of achievement mission-related goals
   - ☐ Examples of data-gathering instruments used in evaluation, such as surveys
   - ☐ Documents that provide evidence of quality improvements made as a result of evaluation activities
   - ☐ Documents that provide evidence of input from stakeholders into assessment activities

   **Required Documentation for On-Site Review:**
   - ☐ Complete institutional accreditation report (if an accreditation/quality assurance system exists and the university is accredited)

   **Optional Documentation and Data:**
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; or school's self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - ☐ Measures and indicators are identified or developed for use in evaluation activities
   - ☐ Evaluation activities are coordinated and overseen
   - ☐ Quality improvement opportunities are identified using assessment data, implemented, monitored, and communicated to key stakeholders
   - ☐ Stakeholders provide input into evaluation activities of the school
   - ☐ Any other notable achievements, innovations or quality improvements

5) **Recommended Monitoring**: If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
**Section 2**

**Organization and Administration**

**Criterion No. 5: School and University Internal Relationships:** The school and its leadership are defined within the university structure. The university and school policies and procedures clearly define respective authority and responsibility. The school contributes to the activities and governance of the university. The school works effectively with other units within the university. The university and school leadership collaborate to secure adequate human, physical, technological, educational, and financial resources to maintain and advance the program.

1) **Documentation and Data:**
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - The school and university organizational charts
   - Documents that provide evidence of:
     - the working relationship between the school and university
     - the authority and responsibility of the school’s leadership
     - the process by which the school’s resources are identified and allocated
   - A list of university committees on which the school is represented

   **Required Documentation for On-Site Review:**
   (None required for this Criterion)

   **Optional Documentation and Data:**
   - Other documentation or data that provides supporting evidence of compliance with the criterion

2) **Program Assessment:** Use the checklist below to assess the program’s compliance with the requirements of the criterion and accompanying guidelines:

   | The school and its leadership are defined within the university structure. | FSC | MI | SI |
   | The university and school policies and procedures clearly define respective authority and responsibility. | ☐ | ☐ | ☐ |
   | The school contributes to the activities and governance of the university. | ☐ | ☐ | ☐ |
   | The school works effectively with other units within the university. | ☐ | ☐ | ☐ |
   | The university and school leadership collaborate to secure adequate human, physical, technological, educational, and financial resources to maintain and advance the program. | ☐ | ☐ | ☐ |

3) **School’s Comments on the criterion:** The school’s descriptive text and supporting evidence should have specifically addressed the following. Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school's self-assessment of its issues and plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - The university and school administrators collaborate to secure resources to meet the needs of the school
   - The policies and procedures under which the school operates are developed including:
     - programmatic evaluation
     - development and delivery of the curriculum
     - academic and other staff recruitment, retention, development, and evaluation
     - management of conflict of interest
   - The school collaborates with other units of the university
☐ The school participates in and contributes to the governance of the university
☐ Any other notable achievements, innovations or quality improvements

5) Recommended Monitoring: If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
**Criterion No. 6: External Collaborative Relationships:** To support and advance its mission, the school establishes and maintains, with the support of the university, collaborative relationships with organizations and entities outside the university that work in education, research and other scholarly activity, industry, practice, and community service.

1) **Documentation and Data:**

   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**

   □ Examples of written agreements that codify the nature, intent, and obligations of the relationship are in place for partnerships and other forms of collaboration, such as agreements for:
   - academic or teaching collaboration
   - research collaboration
   - practice or service relationships (other than experiential education agreements; for the latter, refer to Criterion 25)
   - inter-professional collaboration
   - helping other countries with pharmacy education matters
   - working with pharmacy and education regulators and/or professional pharmacy organizations on matters of common interest

   **Required Documentation for On-Site Review:**

   *(None required for this Criterion)*

   **Optional Documentation and Data:**

   □ Other documentation or data that provides supporting evidence of compliance with the criterion

For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   □ Written agreements for collaboration are originated, approved, and evaluated
   □ Collaborations are supported by the university
   □ The school collaborates with regulatory and professional bodies to ensure that graduates have the right competencies and practice experience before entry to practice
   □ The collaborative relationships have contributed to advancing the school’s mission

### 5) Recommended Monitoring:
If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 7: Organizational Structure and Governance of the School: The dean of the school and other administrative leaders are qualified, have defined lines of responsibility and authority, and function in an organizational structure that assures the optimal use and development of academic and non-academic staff resources. The governance documents of the school (such as bylaws and policies) describe the organizational structure, the decision-making process, responsibility for human, physical, technological, educational, and financial resources, and the functions and responsibilities of committees and meetings of academic staff.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   - Résumés and job descriptions for the dean and other administrative leaders
   - Written bylaws and policies of the school
   - List of committees with their members and designated charges
   - Examples of minutes from recent Committee Meetings

   Required Documentation for On-Site Review:
   - Written bylaws and policies and procedures of the school
   - Faculty Member Handbook (or the equivalent guidance document for academic staff)

   Optional Documentation and Data:
   - Other documentation or data that provides supporting evidence of compliance with the criterion

3) School's Comments on the Criterion: The school’s descriptive text and supporting evidence should have specifically addressed the following. Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school's self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - The dean and other administrative leaders of the school:
     - are qualified and experienced individually and function collectively to address the school’s mission
     - recruit and retain qualified academic staff
     - lead academic and other staff effectively
     - foster effective communication and collegiality with academic and other staff
     - obtain the necessary resources
     - are evaluated
     - are supported for their individual and collective professional development
☐ The bylaws and policies are developed, reviewed, and updated, and how the academic staff have input
☐ Committee reports are utilized in the management of the school and are disseminated throughout the school and university community
☐ Academic staff are involved in decision making
☐ Any other notable achievements, innovations or quality improvements

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 10: Teaching and Learning Methods: The curricular teaching and learning methods ensure that students can develop the necessary knowledge, skills, attitudes, and values to enter practice (or the next stage of education and training) and be self-directed, lifelong learners.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   ☐ A table organized by academic year listing all required courses, and providing the title, brief description, teaching/learning methods used, and responsible member(s) of the academic staff

   Required Documentation for On-Site Review:
   (None required for this Criterion)

   Optional Documentation and Data:
   ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

2) Program Assessment: Use the checklist below to assess the program’s compliance with the requirements of the criterion and accompanying guidelines:

   The curricular teaching and learning methods ensure that students can develop the necessary knowledge, skills, attitudes, and values to enter practice (or the next stage of education and training) and be self-directed, lifelong learners. ☐ ☐ ☐

For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   ☐ Members of the academic staff employ a range of teaching and learning methods, including active learning, to ensure that students develop the required competencies
   ☐ The teaching and learning methods used by academic teaching staff account for various learning styles of students and foster the development, stimulation, and maturation of:
   - critical thinking
   - scientific reasoning
   - digital literacy
   - communication skills
   - problem-solving skills
   - team and group working

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 11: Curricular Foundation in the Sciences: The curricular content provides students with the necessary foundation in the biomedical, pharmaceutical, social/behavioral/administrative and clinical sciences to achieve the desired graduate competencies. The science foundation courses are appropriately sequenced, and the desired knowledge and skills are introduced, reinforced, and advanced progressively throughout the curriculum.

1) Documentation and Data:
Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

Required Documentation and Data:
☐ A list of courses and student learning objectives per course that address each of the following foundational sciences: biomedical, pharmaceutical, social/behavioral/administrative, and clinical sciences

For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - ☐ The actual and simulated practice experiences provide opportunities for communication and collaboration with other actual or simulated healthcare professionals
   - ☐ The school coordinates and collaborates with other entities responsible for post-graduate, pre-licensure practice experience to ensure achievement of desired entry-to-practice competencies
   - ☐ The simulated pharmacy practice experiences prepare students for actual pharmacy practice experiences
   - ☐ The actual practice experiences include direct interaction with diverse patient populations in a variety of practice settings
   - ☐ Any other notable achievements, innovations or quality improvements

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 13: Assessment of Student Learning and Curricular Improvement: Assessment methods for student learning are valid and reliable to evaluate the desired curricular outcomes. Objective and subjective assessment data are used to evaluate and improve individual and collective student learning. The school analyzes, interprets, and uses these data to determine the level of attainment of the desired competencies and to continuously improve the content, organization, and delivery of the curriculum.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ Examples of instruments used in measurement and evaluation of student learning (identifying formative and summative measures)
   - ☐ A sample report of the analysis of the assessment data obtained from measures used by the school to evaluate student learning
   - ☐ A list of curricular improvements made as a result of evaluation of student learning

   **Required Documentation for On-Site Review:**
   - ☐ Examples of instructional tools, such as portfolios, used by students to assist them in assuming responsibility for their own learning and for measuring their achievement

   **Optional Documentation and Data:**
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

2) Program Assessment: Use the checklist below to assess the program’s compliance with the requirements of the criterion and accompanying guidelines:

3) School’s Comments on the criterion: The school’s descriptive text and supporting evidence should have specifically addressed the following. Use a check ☒ to indicate that the topic has been adequately addressed. The school was also asked to provide: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school’s self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

   - ☐ The student learning assessment activities employ a variety of valid and reliable measures systematically and sequentially throughout the professional degree program
   - ☐ The school uses the assessment data to systematically evaluate and improve the curricular design and delivery, including the process and the individuals involved
   - ☐ Formative and summative measures are used in the school’s evaluation activities
   - ☐ Student learning in didactic courses is assessed
   - ☐ Student learning in simulated and/or actual practice experiences is assessed

Section 4
Student and Academic Policies

Criterion No. 14: Student Services: The school and/or university provide student services, including recruitment, admission, orientation, career counseling, records maintenance, and access to healthcare services. The school and/or university provides tutoring, advising by academic staff, and remediation for students experiencing academic difficulty.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   ☐ A chart depicting the organizational structure for the provision of student services, identifying respective responsibilities of the school and university
   ☐ The list of the individuals providing student services and their qualifications

   Required Documentation for On-Site Review:
   (None required for this Criterion)

   Optional Documentation and Data:
   ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

2) Program Assessment: Use the checklist below to assess the program’s compliance with the requirements of the criterion and accompanying guidelines:

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 15: Program Information: The school produces a complete and accurate description of the academic requirements and student services and makes this information available to students and prospective students.

1) Documentation and Data:

Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

Required Documentation and Data:
☐ The school catalog, recruitment brochures and/or web site link

Required Documentation for On-Site Review:

For plans that have already been initiated to address an issue, the school should also have provided evidence that the plan is working.

☐ The school provides students and prospective students with information about issues such as:
  - academic policies and procedures, including academic prerequisites
  - academic calendars
  - the curriculum and courses, including learning objectives and competencies to be achieved by graduates
  - experiential learning
  - academic advising
  - career-pathways
  - tuition and other fees

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 16: Academic Policies and Procedures: The school publishes policies, procedures, and criteria related to admissions, academic progression, graduation, academic probation, remediation, missed course work or credit, dismissal, re-admission, and rights to due process. These documents are made available to academic staff, students and prospective students. The school regularly assesses student admission and progression criteria, policies, and procedures based on how successfully graduates attain the desired competencies.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ The policies that address student recruitment, admission, number of students enrolled, transfer policy, academic progression, graduation, academic probation, remediation, missed course work or credit, dismissal, readmission, due process and appeals
   - ☐ The list of requirements for admission to the program

   **Required Documentation for On-Site Review:**
   - ☐ Student Handbook (or equivalent document that provides policies and procedures related to students)

   **Optional Documentation and Data:**
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion

2) Program Assessment: Use the checklist below to assess the program’s compliance with the requirements of the criterion and accompanying guidelines:

Criterion No. 17: Enrollment Management: The school plans, manages, and aligns the number of students enrolled with available resources, and local and national needs and policies.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   ☐ Summarized enrollment data and the academic qualifications of students admitted to the program for the past five years
   ☐ Number of graduates of the professional degree program(s) in each of the past five years
   ☐ Data on on-time graduations, academic probations, academic dismissals, and withdrawals in the past five years

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 18: Student Representation, Perspectives, and Grievances: The school has clearly defined structures and mechanisms that provide a forum for student dialogue, facilitate student representation and input to the administrative leaders of the school, and foster the development of student leadership and professionalism. The administrative leaders of the school consider student input and respond within an appropriate time to problems and issues of concern. The school has a policy to be followed in the event of a formal student grievance related to the program or school.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   - ☐ The list of school committees that include students, with the names and class/year of the students involved
   - ☐ Examples of survey instruments used with students, and the results of any student surveys administered in the past three years
   - ☐ The policy that addresses student grievances
   - ☐ Examples of changes or improvements in the program (such as in the curriculum) or school policies and procedures that have occurred in the past three years as a result of formal student representation and input

Staff Resources

Criterion No. 19: Academic and Other Staff Resources - Quantitative: The school has a sufficient number of qualified full-time academic staff, other staff, and preceptors to effectively deliver and evaluate the degree program, while providing adequate time for academic staff development, research and other scholarly activities, student advising, service, and, where applicable, pharmacy practice.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   - List of full-time academic staff, including a summary of their current academic rank, primary discipline, terminal degree, and other credentials/post-graduate training (using ACPE template available at: https://www.acpe-accredit.org/international-services-program/#tab-ApplicationforCertification)
   - List of academic staff who are pharmacists, with details of their academic and practice experience
   - List of academic staff from outside the school that teach in the curriculum, including a summary of their current academic rank, primary discipline, terminal degree, prior academic experience, and other credentials/post-graduate training
   - List of full-time non-academic staff and their areas of responsibility (e.g. administrative support, research support, etc.)
   - Faculty (Academic Staff) Resource Report (using ACPE template available at: https://www.acpe-accredit.org/international-services-program/#tab-ApplicationforCertification)
   - List of academic and other staff turnover in the last three years, with reasons for leaving

   Required Documentation for On-Site Review:
   - Faculty (Academic Staff) Member Profiles (using ACPE template available at: https://www.acpe-accredit.org/international-services-program/#tab-ApplicationforCertification)

   Optional Documentation and Data:

Use a check ☒ to indicate that the topic has been adequately addressed. Use the text box provided to describe: areas of the program that are noteworthy, innovative, or exceed the expectation of the criterion; the school’s self-assessment of its issues and its plans for addressing them, with relevant timelines; findings that highlight areas of concern along with actions or recommendations to address them; and additional actions or strategies to further advance the quality of the program. For plans that have already been initiated to address an issue, the school should provide evidence that the plan is working. **Describe how:**

   - ☐ The school ensures that all components of the curriculum are coordinated, taught, and evaluated by academic staff with the appropriate expertise, pedagogical and assessment competence, and experience
   - ☐ The school validates the credentials and experience of the academic staff prior to employment
   - ☐ The composition of the academic staff within the biomedical, pharmaceutical, social/behavioral/administrative, and clinical sciences meets the education, research, and service needs of the school’s mission
   - ☐ Any other notable achievements, innovations or quality improvements

Criterion No. 22: Performance Evaluation of the Staff: The school regularly evaluates the productivity, scholarship, and performance of its academic and other staff. The criteria for promotion (and tenure, if applicable) are articulated clearly to academic staff and consistently applied.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   - ☐ Examples of Academic Staff Activity Report forms and portfolios (or equivalent) used in goal setting and performance evaluation
   - ☐ The policies, procedures, and criteria for promotion (and tenure, if applicable)

   Required Documentation for On-Site Review:
   (None required for this Criterion)

   Optional Documentation and Data:
   - ☐ Other documentation or data that provides supporting evidence of compliance with the criterion number; e.g. 22.X]

Section 6
Facilities and Resources

Criterion No. 23: Physical Facilities: The school has adequate physical facilities to achieve its mission. The facilities provide a comfortable, well-equipped, and safe environment for administration, teaching, learning, and research, and enable effective interaction between administrators, academic and other staff, and students. Facilities and resources for different groups of students, academic and other staff assure comparable experiences and opportunities, and comparable educational outcomes for all students.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   Required Documentation and Data:
   - Architectural drawings or descriptions of the physical facilities, including the number and size of classrooms, practice/simulation laboratories, research facilities, staff offices, group meeting space, student relaxation space, and other facilities
   - Evidence that the facilities meet legal and other safety standards
   - A list of research equipment (with year of manufacture) available to academic staff (description, model, manufacturer, year of manufacture)

   Required Documentation for On-Site Review:
   - Plans/architectural drawings of the physical facilities (if not feasible to provide as part of Self-Study Report)

   Optional Documentation and Data:
   - Other documentation or data that provides supporting evidence of compliance with the criterion

For plans that have already been initiated to address an issue, the school should provide evidence that the plan is working. Describe how:

- The physical facilities support the curricular philosophy and different learning styles of students
- The lecture halls, classrooms, laboratories, study facilities – including their equipment and technology - support student learning
- The research laboratories are supporting the research and scholarly interests of the academic staff
- The facilities meet legal and safety criterion
- Decisions on additional space needs or space reallocation are made

**Criterion No. 24: Library and Educational Resources:** The academic staff and students have access to library, learning and educational resources that are sufficient to support the degree program, research and other scholarly activities according to the mission and goals of the school.

1) **Documentation and Data:**
Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

**Required Documentation and Data:**
- ☐ Library resources, including the list of search databases and full text journals available to academic staff, preceptors and students
- ☐ A list of the learning and educational resources, such as computers, educational software, and audio-visual classroom technology
- ☐ A list of the personnel (and their qualifications) who support the pharmacy school academic staff and students in utilizing the library, learning and educational resources

**Required Documentation for On-Site Review:**

5) **Recommended Monitoring:** If applicable, briefly describe issues or elements of the criterion that may require further monitoring.
Criterion No. 25: Pharmacy Practice Sites and Preceptors: The school has an adequate number, balance and mix of practice sites and preceptors in community, hospital, and other settings to support the curricular pharmacy practice experiences, taking into account any national regulations or expectations. The school has criteria to ensure that sites and preceptors are of high quality and committed to advancing practice in their respective settings. The school uses the established criteria to approve sites and preceptors prior to students undertaking their practice experience at the site. The school has an effective system for communicating with sites and preceptors, and evaluating the site, preceptor, and students’ experiences and outcomes.

1) Documentation and Data:
   Use a check ☒ to indicate that the information has been provided by the school and used to self-assess this criterion:

   **Required Documentation and Data:**
   - ☐ Criteria used for the selection of practice sites and preceptors of experiential education
   - ☐ List of practice sites, preceptors and their credentials (such as, licensure, academic qualifications, and certifications/post-graduate training)
   - ☐ List of the academic and other staff involved in the oversight and quality assurance of the experiential component of the curriculum
   - ☐ List of all materials provided to practice sites
   - ☐ Examples of materials (such as manuals or instructions) provided to practice sites, preceptors, and students to prepare them for practice experiences

   **Required Documentation for On-Site Review:**
