MEMO REGARDING POLICIES AND PROCEDURES CHANGES

FROM: Mike Rouse, Director, International Services

The Certification Policies and Procedures have recently undergone a review and as a result, one minor change has been made. The change only applies to pharmacy degree programs that were initially granted Provisional Certification. This modification allows up to eight (8) years for the period between the comprehensive on-site evaluations.

The specific change that should be noted and reviewed is:

- Length of period between comprehensive on-site evaluations (see page # 14 and 15, section 10.8 – Continued Certification)

If you have any questions related to the revised Policies and procedures, please direct them to the undersigned.
