## World Bank list of economies (December 2016)

*(Bold indicates a change of classii*

#	Economy	Code	Region	Income group	ACPE Tier Classification
---	---------	------	--------	--------------	--------------------------

For operational and analytical purposes, economies are divided among income groups according to 2015 gross national income (GNI) per capita, calculated using the World Bank Atlas method. The groups are: low income, \$1,025 or less; lower middle income, \$1,026–4,035; upper middle income, \$4,036–12,475; and high income, \$12,476 or more. The effective IDA eligibility threshold is \$1,185 or less.
