

ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS
January 29-31, 2025

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met on January 9, 2025, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its January 29-31, 2025, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its January 29-31, 2025, meeting. The Board considered the comments and recommendations of the Panel. Panel members who participated in the meeting of the Public Interest Panel were: Tim Donovan, Mary Donnelly and Judy Martin-Holland.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, January 29-31, 2025

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, comprehensive and focused evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education, another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE), or actively seeking such status and in good standing with that agency. Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended.

The customary review cycle for established accredited programs is eight years. The customary review cycle for new programs achieving initial accredited status is two years.

The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled comprehensive or focused review for determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program. An (*) following these dates indicate a shortened accreditation term.

The accreditation actions are as follows:

Continued Accredited Status

Sullivan University College of Pharmacy and Health Sciences

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Temple University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Arizona R. Ken Coit College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2025-2026)*

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards with the exception of Standards 8, 16, and 18.

Standards cited as Partially Compliant: Standard No. 8: Organization and Governance on the basis of an adherence to bylaws and shared governance, and Standard No. 18: Faculty and Staff – Quantitative Factors on the basis of workforce needs to deliver the curriculum and all elements of pharmacy practice education.

Standard cited as Non-Compliant: Standard No. 16: Admissions on the basis of no direct faculty involvement in the interview process.

A focused visit will be conducted in spring 2026.

University of Findlay College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Georgia College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2026-2027)*

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards with the exception of Standards 18, and 21.

Standards cited as Partially Compliant: Standard No. 18: Faculty and Staff – Quantitative Factors on the basis of insufficient faculty to deliver all aspects of the curriculum. Standard No. 21: Physical Facilities and Educational Resources on the basis of physical facility concerns and technology to support distance education.

A focused visit will be conducted in spring 2027.

University of Houston College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Iowa College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Texas at Austin College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

West Coast University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

West Virginia University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2024-2025) (2032-2033)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Focused On-Site Evaluation Visits

Focused evaluation visits are authorized when the Board is desirous of additional monitoring to evaluate various programmatic issues and/or initiatives, e.g., adding a branch campus or launching a new pathway. An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended, usually to reestablish the customary eight-year cycle.

D'Youville University School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2020-2021) (2027-2028)

Accredited with Probation Status**Pacific University School of Pharmacy**

Doctor of Pharmacy Program placed on Accredited with Probation status. (2022-2023) (2024-2025)*

Standard cited in this action as Partially Compliant: Standards 18: Faculty and Staff – Quantitative Factors was found Partially Compliant on the basis of faculty coverage to deliver all required disciplines and content. A focused visit will be conducted in spring 2025.

Voluntary Withdrawal of Accreditation/Program Closure:**University of Charleston School of Pharmacy**

The Accreditation Council for Pharmacy Education (ACPE) received notification December 20, 2024, that the University of Charleston School of Pharmacy Program will close and voluntarily withdraw its accreditation effective July 31, 2026. The School has informed ACPE of its plans to enter a teach-out agreement with West Virginia University School of Pharmacy.

Husson University College of Health and Pharmacy School of Pharmacy

The Accreditation Council for Pharmacy Education (ACPE) received notification January 23, 2025, that the Husson University College of Health and Pharmacy School of Pharmacy Program will close and voluntarily withdraw its accreditation effective June 30, 2025. The School has informed ACPE of its plans to enter a teach-out agreement with the University of New England Westbrook College of Health Professions School of Pharmacy.

Review of Complaints

Nineteen complaints, with sixteen complaints from either a student or faculty member from one of nine accredited Doctor of Pharmacy programs, were received during the fall 2024 cycle. Following the Board's review of each complaint, eighteen complaints have been closed based upon ACPE's investigation and one complaint is pending further investigation. The ACPE Board affirmed its policy to not investigate anonymous complaints unless there is a reason to suspect physical danger at the college/school or to the complainant.

The University of Kansas School of Pharmacy will have a focused evaluation scheduled for Spring 2025 to specifically evaluate Standard 20: Key Element 20.5: Experiential Education Administration.

Policy Updates

The ACPE Board of Directors approved an update to the Policies and Procedures Manual in January 2025 to update language in the Teach-Out policy. The updated manual can be found on the ACPE website at <https://www.acpe-accredit.org/pdf/CSPoliciesandProceduresJanuary2025.pdf>.

III. Accreditation Actions for Providers of Continuing Pharmacy Education.

The ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the January 29-31, 2025, meeting. Results of the evaluation of submitted applications and ACPE-accredited providers reviewed for reaccreditation by the Commission were presented to the ACPE Board of Directors in January 2025. These are depicted in these Report of the Proceedings as follows:

1.	Accreditation of New Applications. Organizations seeking ACPE-accredited provider status are asked to submit an Application for Initial Accreditation. This application asks questions regarding the applicant's experience related to areas addressed by ACPE's standards for continuing pharmacy education. Initial terms of accreditation are usually for a short term with a First Review in 1 year and a Second Review in 2 years.			
	Applicant Organization	Provider Type	State	Term
1.	Binaytara Foundation	Educational Company	WA	2-year
2.	Classward LLC	Educational Company	OR	2-year
3.	Mission Hospital	Hospitals; Healthcare Network	NC	2-year
4.	NuvanceHealth	Hospitals; Healthcare Network	NY	2-year

2.	Submission of First Review Reports by Applicants Accredited in Fall 2023.			
	First Review Report	Provider Type	State	Next review
1.	UH Hospitals	Hospitals; Health Care Network	OH	2nd Review Fall 2025

3.	Submission of Second Review Reports by Applicants Accredited in Fall 2022.			
	Second Review Reports	Provider Type	State	Comprehensive Review
1.	San Jacinto College	College or School	TX	Fall 2028
2.	Tufts Medicine – Department of Pharmacy	Hospitals; Health Care Network	MA	Fall 2028

4.	Consideration for Continued Accreditation on the Basis of Comprehensive Reviews. The submitted Self-Assessment Report undergoes a CPE Commissioner review, an internal (ACPE staff) review, an external (Field reviewer) review, a review of all records including correspondence, Activity Description Forms (ADFs), complaints (if any) and third-party comments. The Comprehensive Review for Continued Accreditation provides the basis for the ACPE Board's action to continue the provider's term of accreditation. The standard term of accreditation is six years.

IV. **Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™**

Thirteen (13) new applicants, fourteen (14) reaccreditations, seven (7) progress reports, were presented to review this cycle. The decisions were presented when each of the three boards from the Accreditation Council for Pharmacy Education (ACPE), American Nurses Credentialing Center (ANCC) and the Accreditation Council for Continuing Medical Education (ACCME) convene.

ACPE made twenty-seven (27) accreditation decisions and seven progress report decisions for Joint Accreditation for Interprofessional Continuing Education™.

Nine (9) initial applicants achieved Joint Accreditation for Interprofessional Continuing Education and need to submit progress reports within one year. Three (3) initial applicants did not receive joint accreditation. One (1) initial applicant was awarded Joint Accreditation with Commendation.

Fourteen (14) jointly accredited providers were reaccredited; five (5) providers need to submit progress reports within one year, two (2) providers were placed on Probation, and four (4) jointly accredited providers received Joint Accreditation with Commendation.

For providers who submitted progress reports: five (5) jointly accredited providers demonstrated that all criteria have been brought into compliance and two (2) jointly accredited providers need to submit a progress report.

These decisions have also been made by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center. The ACCME, ACPE, and ANCC collaborate to offer a single pathway for accreditation for organizations offering interprofessional continuing education (IPCE).

V. **Continuing Professional Development (CPD)**

In January 2024, the ACPE Board of Directors approved an ACPE Accreditation Framework for a *Continuing Professional Development Program* which includes the *Criteria* for organizations to develop a *Continuing Professional Development Program, A Model for Continuing Professional Development Credit, and Policies and Procedures*. Educational webinars and workshops are being conducted; for specific information, guidance, and examples, please see the website: <https://www.acpe-accredit.org/continuing-professional-development/>.

1.	Accreditation of New Applications seeking ACPE-accredited CPD program status are asked to submit an application for Initial Accreditation. This application asks questions regarding the applicant's experience related to areas addressed by ACPE's principles for continuing professional development.			
	Applicant Organization	Provider Type	State	Term
1.	Dana-Farber Cancer Institute	Hospital; Healthcare Network	MA	Initial 1 Year Term
2.	The University of Florida College of Pharmacy	College or School	FL	Initial 1 Year Term

VI. International-Accreditation and International-Preaccreditation Actions for Professional Degree Programs based outside the United States of America and its Territories:

International-Accreditation and International-Preaccreditation Actions

On the basis of self-study reports, interim reports, evaluation visits, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the International-Accreditation Status of the following professional degree programs, along with International-Accreditation Term and conditions.

In order to be eligible for International-Accreditation, the professional degree program in pharmacy must be part of an independent college of pharmacy, a college of pharmacy within a university, or other structure approved by the Board. The college or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. To be granted International-Accreditation, the college of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which International-Accreditation is being applied. Evaluation for purposes of granting or continuing of International-Accreditation or International-Preaccreditation by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for International-Accreditation or International-Preaccreditation, a college must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is conducted to confirm eligibility and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an evaluation visit. If the Board authorizes an evaluation visit, it is scheduled in accord with standard evaluation and operational procedures.

“International-Accreditation (online evaluation)” is awarded to a program whose comprehensive initial evaluation visit was conducted online. An on-site Verification Visit must be successfully conducted for the program to redesignated from “International-Accreditation (online evaluation)” to International-Accreditation.

A program applying for initial International-Accreditation may be awarded Provisional International-Accreditation by the Board if there are compliance issues. Provisional International-Accreditation is awarded for a maximum period of two (2) years; within that period, if the Criterion is brought into compliance, the program can advance to International-Accreditation.

The customary term for programs granted initial International-Accreditation is two years. The customary review cycle (period between comprehensive evaluation visits) for established internationally-accredited programs is six years. The dates indicated in parentheses for each college below are the academic year¹ of the most recent determination² of International-Accreditation Status and/or International-Accreditation Term and the academic year of the next scheduled determination of International-Accreditation Status and/or Term, and thus define the present International-Accreditation Term for the professional degree program.

¹ For consistency, evaluation cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and international-accreditation activities and reporting. Academic years run from July 1 to June 30.

² Determination includes granting of International-Accreditation Status, a change of International-Accreditation Status, a continuation of International-Accreditation Status (new Term), and other changes of an International-Accreditation Term (e.g., shortening); it does not include affirmation of an existing International-Accreditation Status and Term.

Consideration of Authorization of an Initial Evaluation Visit for International-Accreditation

A comprehensive evaluation visit was authorized to be conducted during spring 2025 to provide the basis for the Board's consideration of International-Accreditation of the listed program(s) at the June 2025 meeting.
