

ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS
July 29-August 1, 2020

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met on July 27, 2020, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its July 29-August 1, 2020, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its July 29-August 1, 2020, meeting. The Board considered the comments and recommendations of the Panel. Panel members who participated in the meeting of the Public Interest Panel were: Dana Thomas, Deborah Kapp, and Howell Todd.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, July 29-August 1, 2020

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education, another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE), or actively seeking such status and in good standing with that agency. Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended. The customary review cycle for established accredited programs had been six years but it was extended to eight years as programs were reviewed beginning with Board actions at the January 2012 meeting and beyond.

The customary review cycle for new programs achieving initial accredited status is two years. The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled comprehensive or focused review for determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program. An (*) following these dates indicate a shortened accreditation term. The accreditation actions are as follows:

For Purposes of Considering Continued Accredited Status

Review of Complaints

Thirty-eight complaints, twenty-seven from either a student or faculty member from one of sixteen accredited Doctor of Pharmacy programs, were received during the spring 2020 cycle. Following the Board's review of each complaint, all but one complaint are closed based on the results of ACPE's investigation.

Policy Updates

The ACPE Board of Directors approved an update to the Policies and Procedures Manual in June 2020. The updated manual can be found on the ACPE website at: https://www.acpe-accredit.org/pdf/CS_PoliciesandProceduresJune2020.pdf. The ACPE Guide and Policies for Virtual Site Visits was approved in July 2020. The policy can be found on the ACPE website at: https://www.acpe-accredit.org/pdf/ACPE_Guide_to_Virtual_Site_Visits_Final.pdf.

III. Accreditation Actions for Providers of Continuing Pharmacy Education.

The ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the July 29-August 1, 2020 meeting. Results of the evaluation of submitted applications and ACPE-accredited providers reviewed for reaccreditation by the Commission were presented to the ACPE Board of Directors in June 2020. These are depicted in the Report of the Proceedings distributed in June 2020 and can be found at the end of this report.

IV. Certification and Precertification Actions for Professional Degree Programs based outside the United States of America and its Territories:

Certification and Precertification Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the Certification Status of the following professional degree programs, along with Certification and Precertification terms and conditions.

In order to be eligible for Precertification or Certification, the professional degree program in pharmacy must be part of an independent school of pharmacy, a school of pharmacy within a university, or other structure approved by the Board. The school or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. To be granted Certification, the school of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which Certification is being applied. Evaluation for purposes of granting or continuing of Precertification or Certification by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for Precertification or Certification, a school must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is carried out to confirm eligibility and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an on-site evaluation. If the Board authorizes an on-site evaluation, it is scheduled in accord with standard evaluation and operational procedures.

The customary review cycle (period between comprehensive on-site evaluation visits) for established certified programs is six years. The customary term for programs granted initial Certification is two years. The maximum term for programs granted Provisional Certification is two years. The dates indicated in parentheses for each college or school are the academic year¹ of the most recent determination² of Certification Status and/or Precertification or Certification term and the academic year of the next scheduled determination of Certification Status and/or term, and thus define the present Precertification or Certification term for the professional degree program.

The Certification and Precertification actions are as follows:

For Purposes of Considering Authorizing an On-Site Evaluation Visit for Certification

The Board authorized on-site evaluation visits for the following programs: none.

For Purposes of Considering Granting Certification

The Board granted Certification to the following programs:

Lebanese International University, School of Pharmacy, Beirut and Bekaa, Lebanese Republic, Bachelor of Pharmacy (2019-2020) (2021-2022)

Batterjee Medical College, Pharmacy Program, Jeddah, Kingdom of Saudi Arabia, Doctor of Pharmacy (2019-2020) (2021-2022)

For Purposes of Considering Granting Precertification

The Board granted Precertification to the following program:

JSS Academy of Higher Education and Research Mauritius, School of Pharmacy, Bonne Terre, Vacoas, Republic of Mauritius, Bachelor of Pharmacy (2019-2020) (2024-2025)

For Purposes of Considering Continued Certification (after initial two-year term)

The Board continued the Certification of the following programs:

Ajman University, College of Pharmacy and Health Sciences, Ajman and Fujairah, United Arab Emirates, Bachelor of Pharmacy (2019-2020) (2023-2024)

Jordan University of Science and Technology, Faculty of Pharmacy, Irbid, Hashemite Kingdom of Jordan, Bachelor of Science in Pharmacy and Doctor of Pharmacy (2019-2020) (2023-2024)

Applied Science Private University, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan, Bachelor of Science in Pharmacy (2019-2020) (2023-2024)

University of Petra, Faculty of Pharmacy and Medical Sciences, Amman, Hashemite Kingdom of Jordan, Bachelor of Science in Pharmacy (2019-2020) (2023-2024)

¹ For consistency, certification cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and certification activities and reporting. Academic years run from July 1 to June 30.

² Determination includes granting of Certification Status, a change of Certification Status, a continuation of Certification Status (new term), and other changes of a certification term (e.g., shortening); it does not include affirmation of an existing Certification Status and term.

For Purposes of Considering Continued Certification (comprehensive on-site visit)

The Board continued the Certification of the following programs:

King Faisal University, College of Clinical Pharmacy, Al-Ahsa, Kingdom of Saudi Arabia, Doctor of Pharmacy (2019-2020) (2025-2026)

JSS Academy of Higher Education and Research, College of Pharmacy, Mysuru and Ooty, Republic of India, Doctor of Pharmacy (2019-2020) (2025-2026)

Focused On-site Evaluation Visits

Focused on-site evaluation visits are authorized when the Board desires additional on-site monitoring to evaluate various programmatic issues. An action to “affirm” implies that a previously established certification term has been confirmed. An action to “continue” implies that the certification term has been extended.

None

Monitoring During the Certification Period

The interim reports for the programs of the following schools were reviewed. For each program, the certification term was affirmed. If additional on-site monitoring has been requested through a focused on-site evaluation, it is so indicated.

Gulf Medical University, College of Pharmacy, Ajman, United Arab Emirates, Doctor of Pharmacy (2018-2019) (2020-2021)

University of Surabaya, Faculty of Pharmacy, Surabaya, Republic of Indonesia, Pharmacy Education Program (2018-2019) (2020-2021)

Near East University, Faculty of Pharmacy, Nicosia, Northern Cyprus, Master of Science in Pharmacy (2017-2018) (2021-2022)

The University of Jordan, School of Pharmacy, Amman, Hashemite Kingdom of Jordan, Bachelor of Science in Pharmacy and Doctor of Pharmacy, (2017-2018) (2021-2022)

Al-Zaytoonah University of Jordan, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan Bachelor of Science in Pharmacy (2019-2020) (2021-2022)

Review of Programs with Substantive Change and Other Requests

Substantive change notifications from the following schools were received:

Al-Zaytoonah University of Jordan, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan
The University of Jordan, School of Pharmacy, Amman, Hashemite Kingdom of Jordan
Jordan University of Science and Technology, Faculty of Pharmacy, Irbid, Hashemite Kingdom of Jordan

Applied Science Private University, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan
University of Petra, Faculty of Pharmacy and Medical Sciences, Amman, Hashemite Kingdom of Jordan

Gulf Medical University, College of Pharmacy, Ajman, United Arab Emirates

Approval of Changes to Policies and Procedures for Certification and Precertification

The Board adopted a revised version of the Policies and Procedures. The revised Policies and Procedures are available at <https://www.acpe-accredit.org/pdf/ISP/PoliciesandProcedures.pdf>

Approval of Changes to Certification Quality Criteria

There were no changes to the Certification Quality Criteria to be considered.

VIII. Accreditation Actions for Pharmacy Technician Education and Training Programs, in collaboration with the American Society of Health-System Pharmacists (ASHP)

The Accreditation Actions for Pharmacy Technician Education and Training Programs recommended by the Pharmacy Technician Accreditation Commission at their May 6, 2020 meeting were approved by both the ACPE and ASHP boards of directors during their June meetings.

IX. Opportunity for Comment Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations, Academic Year 2020-2021

The programs of the colleges and schools of pharmacy listed below are to be considered for accreditation during the upcoming academic year (2020-2021). On-site evaluations have been scheduled for fall or spring terms, as noted. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for preaccreditation or accreditation. Copies of the ACPE Accreditation Manual are available, upon request, by writing to ACPE, 190 South LaSalle Street, Suite 2850, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the ACPE office not later than September 1, 2020 for fall 2020 or November 1, 2020 for spring 2021. The procedure for considering third-party comments received by the deadlines noted above should provide treatment in a way that is fair and equitable to all parties, including opportunity for response by the colleges and schools of pharmacy prior to ACPE's accreditation action.

Al Ain University, United Arab Emirates (BSc in Pharmacy program) (**June 30, 2021**)

The Board approved changes to the ACPE Policies and Procedures for the Accreditation of Doctor of Pharmacy Programs. Updates to Policy and Procedures Manual included attention to new regulations set forth by the U.S. Department of Education. The revised Policies and Procedures can be found on the ACPE website (<https://www.acpe-accredit.org/>).

The Board approved Continuing Pharmacy Education Provider Accreditation Terms (cf. Appendix 1). These organizations were all reviewed and discussed at the ACPE CPE Commission meeting held on May 12-15, 2020. The Board reviewed and approved the provider actions and recommendations from the CPE Commission. Of note, one organization, PESI, Inc, was placed on probation.

ACCME's Standards for Commercial Support were reviewed for updates and revisions via a designated Task Force plus feedback from stakeholders. The CPE Commission reviewed and discussed the updated *ACCME Standards for Integrity and Independence in Accredited Continuing Education* during their meeting. The Board approved the CPE Commission recommendation for ACPE to endorse and adopt these Standards.

The Board approved actions with respect to the Joint Accreditation for Interprofessional Continuing Education pathway. Ten new applications, eight applications for reaccreditation, and six progress reports were presented for review during the spring 2020 review cycle. The decisions will be presented when each of the three boards from the Accreditation Council for Pharmacy Education (ACPE), American Nurses Credentialing Center (ANCC) and the Accreditation Council for Continuing Medical Education (ACCME) convene.

The Board approved the accreditation actions recommended by the Pharmacy Technician Accreditation Commission at their May 6, 2020 meeting.
