I. Public Interest Panel Review of Professional Degree Programs
The ACPE Public Interest Panel met on June 11, 2015, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its June 25-27, 2015, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel’s discussion prepared and presented to the ACPE Board at its June 25-27, 2015, meeting. The Board considered the comments and recommendations of the Panel. Panel members who attended the meeting were: Angela Cowser, Jeffrey Taberas, and William Michael Youngblood.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, June 25-27, 2015:

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions
On the basis of self-studies, on-site evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional/institutional accreditation agency recognized by the U.S. Department of Education or another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE). Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended. The customary review cycle for established accredited programs had been six years but it was extended to eight years as programs were reviewed beginning with Board actions at the January 2012 meeting and beyond. The customary review cycle for new programs achieving initial accreditation status is two years. The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program.
The accreditation actions are as follows:

**For Purposes of Considering Continued Accreditation Status**

**Touro University California College of Pharmacy**
   *Standard No. 10: partially compliant; Standard No. 14: partially compliant*

**University of Southern California School of Pharmacy**
   *Focused on-site evaluation spring 2017*
   *Standard No 3: partially compliant; Standard No. 15: partially compliant*

**Removal of Accredited with Probation Status:**

**University of California San Francisco School of Pharmacy**
Doctor of Pharmacy Program removed from Accredited with Probation status and Accredited status restored. *Standard No. 14: no longer cited.* The previously awarded accreditation term was affirmed (2013-2014; 2021-2022)

**For Purposes of Considering: Continued Candidate Status**

**Cedarville University School of Pharmacy**

**Fairleigh Dickinson University School of Pharmacy**

**Manchester University College of Pharmacy**

**Marshall University School of Pharmacy**

**For Purposes of Considering: Advancement from Candidate Status to Accredited Status**

**Rosalind Franklin University of Medicine and Science College of Pharmacy**

**University of South Florida School of Pharmacy**

**Western New England University College of Pharmacy**
For Purposes of Considering: Advancement from Precandidate Status to Candidate Status

California Health Sciences University College of Pharmacy
Focused on-site evaluation spring 2016

Keck Graduate Institute School of Pharmacy

West Coast University School of Pharmacy

For Purposes of Considering: Application for Precandidate Status

University of Texas at Tyler Ben and Maytee Fisch College of Pharmacy

New School Applications: For Purposes of Considering: Authorization of On-site Evaluations

High Point University School of Pharmacy
A comprehensive on-site evaluation was authorized to be conducted during fall 2015 so as to provide the basis for the Board’s consideration of Precandidate status of the Doctor of Pharmacy program at its January 2016 meeting.

Larkin Health Institute College of Pharmacy
A comprehensive on-site evaluation was not authorized; the program was advised to revise the application and resubmit for the Board’s consideration at its January 2016 meeting.

Marshall B. Ketchum College of Pharmacy
A comprehensive on-site evaluation was authorized to be conducted during fall 2015 so as to provide the basis for the Board’s consideration of Precandidate status of the Doctor of Pharmacy program at its January 2016 meeting.

Monitoring During the Accreditation Period

Monitoring during the accreditation period includes review of Interim Reports and Annual Monitoring Parameters. Interim Reports and/or Annual Monitoring Parameters for the Doctor of Pharmacy programs of the following colleges/schools were reviewed. If additional on-site monitoring has been requested through a focused on-site evaluation, it is so indicated.

Belmont University College of Pharmacy (2013-2014; 2017-2018)
Butler University College of Pharmacy & Health Sciences (2011-2012; 2019-2020)
Chapman University School of Pharmacy (2014-2015; 2015-2016)
Husson University School of Pharmacy (2013-2014; 2015-2016)
Midwestern University College of Pharmacy – Glendale (2012-2013; 2020-2021)
Midwestern University Chicago College of Pharmacy (2012-2013; 2020-2021)
Philadelphia College of Osteopathic Medicine School of Pharmacy (2013-2014; 2015-2016)
Presbyterian College School of Pharmacy (2013-2014; 2015-2016)
South Carolina College of Pharmacy (2012-2013; 2016-2017)
South University School of Pharmacy (2011-2012; 2019-2020)
Texas Southern University College of Pharmacy and Health Sciences (2013-2014; 2019-2020)
University of California San Francisco School of Pharmacy (2013-2014; 2021-2022)
-- See Removal of Accredited with Probation Status notice above
University of Findlay College of Pharmacy (2012-2013; 2016-2017)
University of Maryland School of Pharmacy (2012-2013; 2020-2021)
University of Nebraska Medical Center College of Pharmacy (2012-2013; 2020-2021)
University of Puerto Rico Medical Sciences Campus School of Pharmacy (2012-2013; 2016-2017)
University of Toledo College of Pharmacy and Pharmaceutical Sciences (2011-2012; 2019-2020)
Western University of Health Sciences College of Pharmacy (2012-2013; 2020-2021)

Review of Programs with Substantive Change and other requests
Substantive change notifications from the following colleges/schools were received (action, if any, noted in parentheses):

California Health Sciences University College of Pharmacy
California Northstate University College of Pharmacy
Campbell University College of Pharmacy and Health Sciences
Drake University College of Pharmacy and Health Sciences
East Tennessee State University Bill Gatton College of Pharmacy
Lake Erie College of Osteopathic Medicine School of Pharmacy
Long Island University Arnold and Marie Schwartz College of Pharmacy and Health Sciences
Northeastern University School of Pharmacy
Nova Southeastern University College of Pharmacy
North Dakota State University College of Health Professions
Pacific University School of Pharmacy
Palm Beach Atlantic University Lloyd L. Gregory School of Pharmacy
Roosevelt University College of Pharmacy
Rosalind Franklin University of Medicine and Science College of Pharmacy
South University School of Pharmacy
South Carolina College of Pharmacy
St. John Fisher College Wegmans School of Pharmacy
Texas A&M University Health Sciences Center Irma Lerma Rangel College of Pharmacy
University of Arizona College of Pharmacy
University of Arkansas for Medical Sciences College of Pharmacy
University of Findlay College of Pharmacy
University of Iowa College of Pharmacy
University of Kentucky College of Pharmacy
University of Maryland School of Pharmacy
University of Maryland Eastern Shore School of Pharmacy and Health Professions
University of Missouri Kansas City School of Pharmacy
University of New Mexico College of Pharmacy
University of North Carolina Eshelman School of Pharmacy
University of Saint Joseph School of Pharmacy
University of the Sciences Philadelphia College of Pharmacy
University of Southern California School of Pharmacy

University of Wisconsin Madison School of Pharmacy
University of Wyoming School of Pharmacy
Wayne State University Eugene Applebaum College of Pharmacy and Health Sciences
West Virginia University School of Pharmacy
Wingate University School of Pharmacy
Xavier University of Louisiana College of Pharmacy
**Focused On-site Evaluation Visits**

Board and Staff focused on site evaluation visits are authorized when the Board is desirous of additional on-site monitoring to evaluate various programmatic issues. An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended, usually to reestablish the customary six-year cycle or the new cycle of eight years.

**Notre Dame of Maryland University School of Pharmacy**

**Regis University School of Pharmacy**

**Roosevelt University College of Pharmacy**
  *Standard No. 30: partially compliant*

**Touro New York College of Pharmacy**
  *Standard No. 24: no longer cited*

**University of Charleston School of Pharmacy**
  *Standards No. 24 & 26: no longer cited*

**University of Georgia College of Pharmacy**

**University of Maryland Eastern Shore School of Pharmacy**

**University of New England College of Pharmacy**

**Approval of Changes to Policies and Procedures**

The ACPE Board made the following changes to the Policies and Procedures for ACPE Accreditation of Professional Degree Programs July 2014 and authorized re-issuing the document as Policies and Procedures for ACPE Accreditation of Professional Degree Programs July 2015: Section 11.6 (various subsections, including insertion of new subsection Job Placement/Gainful Employment); Section 20.2

**Approval of 2016 Self-Study and Site-Team Evaluation Rubric**

The ACPE Board approved the release of the revised rubric, Self-Assessment Instrument for the Professional Degree Program of Colleges and Schools of Pharmacy, Version 1.0, Standards 2016/Guidelines 1.0, Effective July 1, 2016 (a.k.a., The Rubric 2016), compatible with ACPE’s new accreditation standards (Accreditation Standards and Key Elements for the
III. Accreditation Actions for Providers of Continuing Pharmacy Education

6. Consideration for Continued Accreditation on the Basis of Progress Reports. Providers who have a shortened term of accreditation of 1 year are asked to submit a Progress Report. A Progress Report addresses only those issues that remain a concern following the previous Comprehensive Review or Interim Report. However, because the provider has been given a shortened term of accreditation, the Progress Report, like the Comprehensive Review, serves as the basis for the Council to act to continue recognition as an accredited provider. [*Probation*]

IV. **Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™**

Actions will be published after the ANCC and ACCME board meetings. Please continue to check our website for information or the website: [www.jointaccreditation.org](http://www.jointaccreditation.org)

V. **Certification Actions for Professional Degree Programs based outside the United States of America and its Territories:**

**Certification Actions**

On the basis of self-studies, on-site evaluations, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the certification status of the following professional programs, along with certification terms and conditions.

In order to be eligible for initial or continued certification, the professional degree program in pharmacy must be part of an independent school of pharmacy or a school of pharmacy within a university. The school or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. The school of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which certification is being applied. Evaluation for purposes of initial or continued certification by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for certification, a school must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is carried out to confirm eligibility for certification and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an on-site evaluation. If the Board authorizes an on-site evaluation, it is scheduled in accord with standard evaluation and operational procedures.

The customary review cycle (period between comprehensive on-site evaluation visits) for established certified programs is six years. The customary term for programs granted initial Certification status is two years. The customary term for programs granted Provisional Certification is two years. The dates indicated in parentheses for each college or school are the academic year of the most recent determination of certification status and the academic year of the next scheduled determination of certification status, and thus define the present certification term for the professional degree program.

---

1 For consistency, certification cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and certification activities and reporting. Academic years run from July 1 to June 30.
The certification actions are as follows:

**For Purposes of Considering Authorizing an On-Site Evaluation Visit**

There were no pending applications for certification to be considered by the Board for authorization of an on-site evaluation visit.

**For Purposes of Considering Granting of Initial Certification Status**

There were no pending applications for certification to be considered by the Board for granting of initial certification status.

**For Purposes of Considering Continued Certification**

King Saud University College of Pharmacy, Kingdom of Saudi Arabia  
Bachelor of Pharmacy (2014-15; 2018-19)  

**For Purposes of Considering Affirmation of Provisional Certification**

Near East University Faculty of Pharmacy, Northern Cyprus  
Master of Science in Pharmacy (2013-14; 2015-16)

**Monitoring During the Certification Period**

The interim reports for the programs of the following colleges were reviewed.

King Faisal University College of Clinical Pharmacy, Kingdom of Saudi Arabia  
Doctor of Pharmacy (2013-14; 2015-16)

Jagadguru Sri Shivarathreeswara (JSS) University College of Pharmacy, Republic of India  
Doctor of Pharmacy (2013-14; 2015-16)

**Review of Programs with Substantive Change and Other Requests**

A substantive change notification from the following school was received (action noted in parentheses):

Near East University Faculty of Pharmacy, Northern Cyprus (additional monitoring was requested by the Board)

**Approval of Changes to Policies and Procedures**

The Board adopted a revised version of the Certification Policies and Procedures and authorized re-issuing of the document as *Policies and Procedures for Certification of Professional Degree Programs in Pharmacy in Countries other than The United States and Its Territories; June 25, 2015.*

VIII. **Opportunity for Comment**

Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations, Academic Year 2015-2016

The programs of the colleges and schools of pharmacy listed below are to be considered for accreditation during the coming academic year. On-site evaluations have been scheduled for fall
or spring terms, as noted. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for preaccreditation or accreditation. Copies of the ACPE Accreditation Manual are available, upon request, by writing to ACPE, 135 South LaSalle Street, Suite 4100, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the ACPE office not later than September 1, 2015, for fall 2015, and November 1, 2015, for spring 2016. The procedure for considering third-party comments received by the deadlines noted above should provide treatment in a way that is fair and equitable to all parties, including opportunity for response by the colleges and schools of pharmacy prior to ACPE’s accreditation action.

**Providers of Continuing Pharmacy Education Scheduled for Review for Purposes of Continued Accreditation, Year 2015-2016**
The providers of continuing pharmacy education listed below are to be considered for continued accreditation during 2015-2016. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for accreditation. Copies of the ACPE Standards for Continuing Pharmacy Education and the Policies and Procedure Manual: A Guide for ACPE-accredited Providers, are available, upon request, by writing to ACPE, 135 South LaSalle Street, Suite 4100, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the Council office not later than September 1, 2015, for fall 2015, and not later than November 1, 2015, for spring 2016. The procedure for considering third-party comments received by the deadlines noted above should provide for treatment in a way that is fair and equitable to all parties, including opportunity for response by the provider prior to ACPE’s accreditation action.
