

Accreditation Fees for Colleges and Schools of Pharmacy Accreditation

Accreditation Fees and assessments for evaluation by ACPE for purpose of preaccreditation or accreditation (initial or continuing) are set at a level intended to assist in the support and continued improvement of accreditation services and to defray actual travel and other costs involved in the evaluation of professional programs. In addition, an annual sustaining fee is charged. ACPE may adjust the fees and set effective dates for such adjustments at any regular or special meeting of the ACPE Board of Directors. Information regarding the current fee and assessment policy is available upon request. Please email csinfo@acpe-accredit.org for more information.

Note: ACPE reserves the right to adjust fees should circumstances dictate.

Full On-Site Evaluation - based on estimated scheduled evaluations/year for up to five team members. Customary schedule: every 8 years, includes all travel expenses (airfare, hotels, etc.) for evaluation teams. New schools are visited approximately every two years in their formative stages and charged the prevailing on-site fee for the type of evaluation conducted.

Focused On-Site Evaluation - additional monitoring visits, scheduled infrequently, conducted by a two-member site team and an ACPE staff member, based on programmatic concerns.

On-Site Staff Consultation / Self-Study Launch Consultation – requested on-site staff assistance to educate and advise a program in understanding and applying the accreditation standards and/or preparing a Self-Study and comprehensive on-site evaluation.

New Program Application - request for initial review by ACPE, fee includes an optional on-site staff consultation prior to submission of final application.
