

ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS – January 17-18, 2019

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met via conference call on January 9, 2019, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its January 17-18, 2019, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its January 17-18, 2019, meeting. The Board considered the comments and recommendations of the Panel. Panel members who participated in the meeting of the Public Interest Panel were: Dana Thomas, Deborah Kapp, and Howell Todd.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, January 17-18, 2019

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education or another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE). Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended. The customary review cycle for established accredited programs had been six years but it was extended to eight years as programs were reviewed beginning with Board actions at the January 2012 meeting and beyond.

The customary review cycle for new programs achieving initial accreditation status is two years. The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled comprehensive or focused review for determination of accreditation status, and thus define the present accreditation

term for the Doctor of Pharmacy program. An (*) following these dates indicate a shortened accreditation term.

The accreditation actions are as follows:

Accredited with Probation Status:

Hampton University School of Pharmacy

Doctor of Pharmacy Program remains Accredited with Probation status. Standard remaining Partially Compliant in this probationary action: Standard No. 17. Standards no longer cited: Standards No. 10, 11, and 12. Probationary status to be reviewed at January 2020 Board of Directors meeting. (2016-2017) (2022-2023)

Touro New York College of Pharmacy

Doctor of Pharmacy Program remains Accredited with Probation status with a focused on-site evaluation in spring 2019. Standards remaining Partially Compliant in this probationary action: Standards No. 3, 4, 10, 24, and 25. Probationary status to be reviewed at June 2019 Board of Directors meeting. (2017-2018) (2018-2019)*

New School Applications: For Purposes of Considering: Authorization of On-site Evaluations

American University of Health Sciences School of Pharmacy

The program requested that the ACPE Board of Directors not consider the Evaluation Team Report of November 1-2, 2018, and authorize a second comprehensive on-site evaluation during spring 2019 to provide the basis for the Board's consideration of Precandidate status of the Doctor of Pharmacy program. The Board granted this request. A second comprehensive on-site evaluation will be scheduled during spring 2019.

Focused On-site Evaluation Visits

Focused on-site evaluation visits are authorized when the Board is desirous of additional on-site monitoring to evaluate various programmatic issues. An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended, usually to reestablish the customary eight-year cycle.

Chicago State University College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2018-2019) (2020-2021)*
Standards remaining as Partially Compliant: Standards No. 10, 11, 24, and 25

Albany College of Pharmacy and Health Sciences School of Pharmacy and Pharmaceutical Sciences

Doctor of Pharmacy Program: Accredited status continued. (2017-2018) (2023-2024)

Monitoring During the Accreditation Period

Interim Reports, Annual Monitoring Parameters, and/or Substantive Changes for the Doctor of Pharmacy programs of the following colleges/schools were reviewed.

Interim Report Reviews

Auburn University Harrison School of Pharmacy

Belmont University College of Pharmacy

Standards no longer cited as Partially Compliant: Standards No. 18, 25

D'Youville College School of Pharmacy

Fairleigh Dickinson University School of Pharmacy

Standards no longer cited as Partially Compliant: Standards No. 4, 11

Hampton University School of Pharmacy

Standards no longer cited as Partially Compliant: Standards No. 10, 11, 12

Review of Complaints

Twenty one complaints, twenty from either a student or faculty member from one of fourteen accredited Doctor of Pharmacy programs, were received during the fall 2018 cycle. Following the Board's review of each complaint, nineteen complaints are closed based on the results of ACPE's investigation. Two complaints remain open and will be investigated during spring 2019 onsite evaluations.

III. Accreditation Actions for Providers of Continuing Pharmacy Education

ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the January 2019 meeting.

Session		Board Action		
1.	Accreditation of New Applications Organizations seeking ACPE-accredited provider status are asked to submit an Application for Initial Accreditation. This application asks questions regarding the applicant's experience relative to areas addressed by ACPE's standards for continuing pharmacy education. Staff recommendations for initial accreditation are based on an assessment of the applicant's ability and intent to comply with ACPE's standards. Initial terms of accreditation are usually for a short term with a First Review in 1 year and a Second Review in 2 years.			
	Applicant Organization	Provider Type	State	Term
1.	OhioHealth Pharmacy Services	Hospitals; Healthcare Network	Ohio	2 Year Term

Session		Board Action		
2.	Submission of First Review by Applicants Accredited in Fall 2017			
	First Review F2018 (Accredited in F2017)	Provider Type	State	Second Review
1.	Patient Engagement Advisors	Hospitals; Health Care Network	AL	Fall 2019

Session		Board Action			
3.	Submission of Second Review by Applicants Accredited in Fall 2016 (Action would include Comprehensive Review in 4 years from now or Fall 2022)				
	Second Review F2018 (Accredited in F2016)	Provider Type	State	Interim Report	Comprehensive Review
1.	Baylor Scott & White Health	Hospitals; Health Care Network	TX		Fall 2022

Session		Board Action			
4.	Consideration for Continued Accreditation based on Comprehensive Reviews. The submitted Self-Assessment Report undergoes a CPE Commissioner review, an internal (ACPE staff) review, an external (Field reviewer) review, a review of all records including correspondence, Activity Description Forms (ADFs), complaints (if any) and third party comments. The Comprehensive Review for Continued Accreditation provides the basis for the Council's action to continue the provider's term of accreditation. The standard term of accreditation is six years.				
	Organization Name	Provider Type	State	Interim Report	Comprehensive Review
1.	Accredo Health Incorporated	Other	KS		Fall 2024
2.	Alaska Pharmacists Association	State or Local Associations	AK	Fall 2019	Fall 2024

IV. Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™

ACPE made 11 accreditation decisions and 11 progress report decisions for Joint Accreditation for Interprofessional Continuing Education™.

Joint Accreditation Actions

- One jointly accredited provider was reaccredited and needs to submit a progress report.
- Ten initial applicants achieved Joint Accreditation for Interprofessional Continuing Education. Of those, three providers need to submit progress reports.

Progress reports

- Eight jointly accredited providers demonstrated that all criteria have been brought into compliance.
- Three jointly accredited providers did not bring all criteria into compliance and need to submit another progress report.

These decisions have also been made by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center (ANNC). The ACCME, ACPE, and ANCC collaborate to offer a single pathway for accreditation for organizations offering interprofessional continuing education (IPCE).

V. Certification Actions for Professional Degree Programs based outside the United States of America and its Territories:

Certification Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the Certification status of the following professional degree programs, along with Certification terms and conditions.

In order to be eligible for initial or continued Certification, the professional degree program in pharmacy must be part of an independent school of pharmacy or a school of pharmacy within a university. The school or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. The school of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which Certification is being applied. Evaluation for purposes of initial or continued Certification by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for Certification, a school must submit an application, a self-study report of the program,

and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is carried out to confirm eligibility for Certification and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an on-site evaluation. If the Board authorizes an on-site evaluation, it is scheduled in accord with standard evaluation and operational procedures.

The customary review cycle (period between comprehensive on-site evaluation visits) for established certified programs is six years. The customary term for programs granted initial Certification is two years. The customary term for programs granted Provisional Certification is two years. The dates indicated in parentheses for each college or school are the academic year¹ of the most recent determination² of Certification status and/or Certification term and the academic year of the next scheduled determination of Certification status and/or term, and thus define the present Certification term for the professional degree program.

The Certification actions are as follows:

For Purposes of Considering Authorizing an On-Site Evaluation Visit

The Board authorized an on-site evaluation visit for the following program during a conference call of the Board held on December 14, 2018:

University of Surabaya (Ubaya), Faculty of Pharmacy, Surabaya, Republic of Indonesia,
Pharmacy Education Program (the combination of the Bachelor of Pharmacy degree program and the Pharmacy Professional Program)

The Board authorized an on-site evaluation visit for the following program during the January 2019 Board Meeting:

Gulf Medical University, College of Pharmacy, Ajman, United Arab Emirates (UAE), Doctor of Pharmacy Degree Program (PharmD)

For Purposes of Considering Granting of Initial Certification Status

There were no pending applications for certification to be considered by the Board for granting of initial certification status.

For Purposes of Considering Continued Certification

Qassim University, College of Pharmacy, Al Qassim, Kingdom of Saudi Arabia
PharmD Degree Program: (2018-2019; 2022-2023)

Monitoring During the Certification Period

There was no interim monitoring to be considered by the Board.

Review of Programs with Substantive Change and Other Requests

¹ For consistency, certification cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and certification activities and reporting. Academic years run from July 1 to June 30.

² Determination includes granting of certification status, a change of certification status, a continuation of certification status (new term), and other changes of a certification term (e.g., shortening); it does not include affirmation of an existing certification status and term.

Substantive change notifications from the following schools were received (action noted in parentheses):

University of Petra, Faculty of Pharmacy and Medical Sciences, Hashemite Kingdom of Jordan (change noted; updates requested in the Spring 2019 interim report)

The University of Jordan, School of Pharmacy, Hashemite Kingdom of Jordan (change noted; updates requested in the Spring 2019 interim report)

Qassim University, College of Pharmacy, Kingdom of Saudi Arabia (change noted; update requested in the Fall 2019 interim report)

Approval of Changes to Certification Policies and Procedures

The Board approved revisions to the Certification Policies and Procedures to reflect Precertification as a service offered by ACPE.

Approval of Changes to Certification Quality Criteria

There were no changes to the Certification Quality Criteria to be considered.

VIII. Accreditation Actions for Pharmacy Technician Education and Training Programs, in collaboration with the American Society of Health-System Pharmacists (ASHP)

The Accreditation Actions for Pharmacy Technician Education and Training Programs recommended by the Pharmacy Technician Accreditation Commission at their October 23-24, 2018 and approved by both the ACPE and ASHP boards of directors during their June meetings will be distributed in the near future by ASHP in their publication: The Pharmacy Technician Education and Training TABLET.

IX. Opportunity for Comment **Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations, Academic Year 2019-2020**

The programs of the colleges and schools of pharmacy listed below are to be considered for accreditation during the upcoming academic year (2018-2019). On-site evaluations have been scheduled for fall or spring terms, as noted. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for preaccreditation or accreditation. Copies of the ACPE Accreditation Manual are available, upon request, by writing to ACPE, 190 South LaSalle Street, Suite 2850, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the ACPE office not later than September 1, 2019 for fall 2019 or November 1, 2019 for spring 2020. The procedure for considering third-party comments received by the deadlines noted above should provide treatment in a way that is fair and equitable to all parties, including opportunity for response by the colleges and schools of pharmacy prior to ACPE's accreditation action.

Spring 2019

Albany College of Pharmacy and Health Sciences School of Pharmacy and Pharmaceutical Sciences

University of Oklahoma College of Pharmacy
University of Toledo College of Pharmacy and Pharmaceutical Sciences
University of Wisconsin-Madison School of Pharmacy

Providers of Continuing Pharmacy Education Scheduled for Review for Purposes of Continued Accreditation, Year 2019-2020

The providers of continuing pharmacy education listed below are to be considered for continued accreditation during 2019-2020. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for accreditation. Copies of the ACPE *Standards for Continuing Pharmacy Education* and the *Policies and Procedure Manual: A Guide for ACPE-accredited Providers*, are available, upon request, by writing to ACPE, 190 South LaSalle Street, Suite 2850, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the Council office not later than September 1, 2019, for fall 2019, and not later than November 1, 2019, for spring 2020. The procedure for considering third-party comments received by the deadlines noted above should provide for treatment in a way that is fair and equitable to all parties, including opportunity for response by the provider prior to ACPE's accreditation action.
