

ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS – January 22-25, 2020

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met on January 16, 2020, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its January 2020, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its January 22-25, 2020, meeting. The Board considered the comments and recommendations of the Panel. Panel members who participated in the meeting of the Public Interest Panel were: Dana Thomas, Deborah Kapp, and Howell Todd.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, January 22-25, 2020

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education or another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE). Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended. The customary review cycle for established accredited programs had been six years but it was extended to eight years as programs were reviewed beginning with Board actions at the January 2012 meeting and beyond.

The customary review cycle for new programs achieving initial accreditation status is two years. The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled comprehensive or focused review for determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program. An (*) following these dates indicate a shortened accreditation term. The accreditation actions are as follows:

For Purposes of Considering Continued Accreditation Status

Auburn University Harrison School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Butler University College of Pharmacy and Health Sciences

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Purdue University College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Shenandoah University Bernard J. Dunn School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

South University School of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2019-2020) (2019-2020)*

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards except Standards No. 5, 18, 21, and 23.

Standard No. 5: Eligibility and Reporting Requirements was found to be partially compliant.

Standard No. 18: Faculty and Staff – Quantitative Factors was found to be partially compliant.

Standard No. 21: Physical Facilities and Educational Resources was found to be partially compliant.

Standard No. 23: Financial Resources was found to be non-compliant.

The Board requests to meet with the program at its June 2020 meeting.

Texas Southern University College of Pharmacy and Health Sciences

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2021-2022)*

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards except Standards No. 22, 24, and 25.

Standard No. 22: Practice Facilities was found to be non-compliant.

Standard No. 24: Assessment Elements for Section I: Educational Outcomes was found to be partially compliant.

Standard No. 25: Assessment Elements for Section II: Structure and Process was found to be partially compliant.

Texas Tech University Health Sciences Center School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards except Standard No. 24.

Standard No. 24: Assessment Elements for Section I: Educational Outcomes was found to be partially compliant.

University of Michigan College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Montana College of Health Professions and Biomedical Sciences Skaggs School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards except Standards No. 8 and 23.

Standard No. 8: Organization and Governance was found to be partially compliant.

Standard No. 23: Financial Resources was found to be partially compliant.

University of Oklahoma College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Toledo College of Pharmacy and Pharmaceutical Sciences

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

University of Wisconsin-Madison School of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2019-2020) (2027-2028)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Accredited with Probation Status

Chicago State University College of Pharmacy

Doctor of Pharmacy Program: Accredited with Probation status (appealable).

(2018-2019) (2020-2021)*

Standards cited in this probationary action:

Standard No. 10: Curriculum Design, Delivery, and Oversight remains partially compliant.

Standard No. 24: Assessment Elements for Section I: Educational Outcomes remains partially compliant.

Standard No. 25: Assessment Elements for Section II: Structure and Process remains partially compliant.

Focused visit spring 2020. The Board requests to meet with the program at its June 2020 meeting.

University at Buffalo The State University of New York School of Pharmacy and Pharmaceutical Sciences

Doctor of Pharmacy Program: Accredited with Probation status (appealable).

(2019-2020) (2021-2022)*

Standards cited in this probationary action:

Standard No. 12: Pre-Advanced Pharmacy Practice Experiences (Pre-APPE) Curriculum found to be non-compliant.

Standard No. 13: Advanced Pharmacy Practice Experiences (APPE) Curriculum found to be non-compliant.

The Board requests to meet with the program at its June 2020 meeting. Focused visit spring 2021.

Withdrawal of Accreditation:

Hampton University School of Pharmacy

Doctor of Pharmacy Program: Accreditation withdrawn (appealable).

Standard cited in this action to withdraw accreditation:

Standard No. 17: Progression.

Standard found to be partially compliant:

Standard No. 24: Assessment Elements for Section I: Educational Outcomes.

The program is expected to implement its submitted Teach-Out Plan that covers Classes of 2020, 2021, 2022, and 2023.

Focused On-site Evaluation Visits

Focused on-site evaluation visits are authorized when the Board is desirous of additional on-site monitoring to evaluate various programmatic issues. An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended, usually to reestablish the customary eight-year cycle.

Idaho State University College of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2016-2017) (2024-2025)

Monitoring During the Accreditation Period

Interim Reports, Annual Monitoring Parameters, and/or Substantive Changes for the Doctor of Pharmacy programs of the following colleges/schools were reviewed.

Interim Report Reviews

Albany College of Pharmacy and Health Sciences School of Pharmacy and Pharmaceutical Sciences

Standard no longer cited as partially compliant: Standard No. 18: Faculty and Staff – Quantitative Factors

Chicago State University College of Pharmacy

(See **Accredited with Probation status** above) (Focused on-site evaluation in spring 2020)

Ferris State University College of Pharmacy

Florida A&M University College of Pharmacy and Pharmaceutical Sciences

Howard University College of Pharmacy

Standard no longer cited as partially compliant: Standard No. 11: Interprofessional Education

Husson University School of Pharmacy

Standard No. 11: Interprofessional Education remains partially compliant

Keck Graduate Institute School of Pharmacy and Health Sciences

Standard no longer cited as partially compliant: Standard No. 22: Practice Facilities

Lake Erie College of Osteopathic Medicine School of Pharmacy

Lipscomb University College of Pharmacy and Health Sciences

Long Island University Arnold and Marie Schwartz College of Pharmacy and Health Sciences

Standard no longer cited as partially compliant: Standard No. 23: Financial Resources

Midwestern University Chicago College of Pharmacy

Standard no longer cited as partially compliant: Standard No. 12: Pre-Advanced Pharmacy Practice Experiences (Pre-APPE) Curriculum

North Dakota State University College of Health Professions School of Pharmacy

Northeast Ohio Medical University College of Pharmacy

Northeastern University Bouve College of Health Sciences School of Pharmacy

Notre Dame of Maryland University School of Pharmacy

Standard no longer cited as partially compliant: Standard No. 17: Progression

Standard cited as partially compliant: Standard No. 12: Pre-Advanced Pharmacy Practice Experiences (Pre-APPE) Curriculum

Nova Southeastern University College of Pharmacy

Palm Beach Atlantic University Lloyd L. Gregory School of Pharmacy

Roosevelt University College of Pharmacy

Standard No. 18: Faculty and Staff – Quantitative Factors remains as partially compliant
Roseman University of Health Sciences College of Pharmacy
South Dakota State University College of Pharmacy and Allied Health Professions
Southern Illinois University Edwardsville School of Pharmacy
St. John's University College of Pharmacy and Health Sciences

Review of Complaints

Thirty seven complaints, twenty seven from either a student or faculty member from one of nineteen accredited Doctor of Pharmacy programs, were received during the fall 2019 cycle. Following the Board's review of each complaint, complaints are closed based on the results of ACPE's investigation.

II. **Accreditation Actions for Providers of Continuing Pharmacy Education.**

ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the January 2020 meeting.

1.	Accreditation of New Applications Organizations seeking ACPE-accredited provider status are asked to submit an Application for Initial Accreditation. This application asks questions regarding the applicant's experience relative to areas addressed by ACPE's standards for continuing pharmacy education. Staff recommendations for initial accreditation are based on an assessment of the applicant's ability and intent to comply with ACPE's standards. Initial terms of accreditation are usually for a short term with a First Review in 1 year and a Second Review in 2 years.		
	Applicant Organization	Provider Type	State
	No new applications for Fall 2019		

2.	Submission of First Review by Applicants Accredited in Fall 2018			
	First Review F2019 (Accredited in F2018)	Provider Type	State	Second Review
1.	OhioHealth Pharmacy Services	Hospitals; Health Care Network	OH	Fall 2020

3.	Submission of Second Review by Applicants Accredited in Fall 2017			
	First Review F2018 (Accredited in F2017)	Provider Type	State	Second Review
No Second Review Reports for Fall 2019				

4.	<p>Consideration for Continued Accreditation on the Basis of Comprehensive Reviews. The submitted Self-Assessment Report undergoes a CPE Commissioner review, an internal (ACPE staff) review, an external (Field reviewer) review, a review of all records including correspondence, Activity Description Forms (ADFs), complaints (if any) and third party comments. The Comprehensive Review for Continued Accreditation provides the basis for the Council's action to continue the provider's term of accreditation. The standard term of accreditation is six years.</p>

- IV. Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™**
ACPE made 24 accreditation decisions and nine progress report decisions for Joint Accreditation for Interprofessional Continuing Education™. Nine jointly accredited providers were reaccredited; five providers need to submit progress reports within one year. One jointly accredited provider received Probation and needs to submit a progress report. Thirteen initial applicants achieved Joint Accreditation for Interprofessional Continuing Education. Of those, six providers need to submit progress reports within one year. One initial applicant did not receive joint accreditation. For providers who submitted progress reports: Nine jointly accredited providers demonstrated that all criteria have been brought into compliance. These decisions have also been made by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center. The ACCME, ACPE, and ANCC collaborate to offer a single pathway for accreditation for organizations offering interprofessional continuing education (IPCE).
- V. Certification and Precertification Actions for Professional Degree Programs based outside the United States of America and its Territories:**

Certification and Precertification Actions

On the basis of self-studies, on-site evaluations, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the Certification Status of the following professional degree programs, along with Certification and Precertification terms and conditions.

In order to be eligible for Precertification or Certification, the professional degree program in pharmacy must be part of an independent school of pharmacy, a school of pharmacy within a university, or other structure approved by the Board. The school or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and

authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. To be granted Certification, the school of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which Certification is being applied. Evaluation for purposes of granting or continuing of Precertification or Certification by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for Precertification or Certification, a school must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is carried out to confirm eligibility and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an on-site evaluation. If the Board authorizes an on-site evaluation, it is scheduled in accord with standard evaluation and operational procedures.

The customary review cycle (period between comprehensive on-site evaluation visits) for established certified programs is six years. The customary term for programs granted initial Certification is two years. The maximum term for programs granted Provisional Certification is two years. The dates indicated in parentheses for each college or school are the academic year¹ of the most recent determination² of Certification Status and/or Precertification or Certification term and the academic year of the next scheduled determination of Certification Status and/or term, and thus define the present Precertification or Certification term for the professional degree program.

The Certification and Precertification actions are as follows:

For Purposes of Considering Authorizing an On-Site Evaluation Visit for Certification

The Board authorized on-site evaluation visits for the following programs; visits are scheduled for the Spring 2020 Cycle:

Batterjee Medical College (BMC), Pharmacy Program, Jeddah, Kingdom of Saudi Arabia,
Doctor of Pharmacy Degree Program

Lebanese International University (LIU), School of Pharmacy, Beirut and Bekaa, Lebanese Republic,
Bachelor of Pharmacy Degree Program

For Purposes of Considering Authorizing an On-Site Evaluation Visit for Precertification

JSS Academy of Higher Education and Research Mauritius, School of Pharmacy, Bonne Terre, Vacoas, Mauritius,
Bachelor of Pharmacy and Doctor of Pharmacy Degree Programs

For Purposes of Considering Granting Certification

The Board granted Certification to the following programs:

¹ For consistency, certification cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and certification activities and reporting. Academic years run from July 1 to June 30.

² Determination includes granting of Certification Status, a change of Certification Status, a continuation of Certification Status (new term), and other changes of a certification term (e.g., shortening); it does not include affirmation of an existing Certification Status and term.

Prince Sattam bin Abdulaziz University, College of Pharmacy, Alkharj, Kingdom of Saudi Arabia, Bachelor of Pharmaceutical Sciences (2019-2020) (2021-2022)

Al-Zaytoonah University of Jordan, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan, Bachelor of Science in Pharmacy (2019-2020) (2021-2022)

For Purposes of Considering Continued Certification (after initial two-year term)

None

For Purposes of Considering Continued Certification (comprehensive on-site visit)

None

Focused On-site Evaluation Visits

Focused on-site evaluation visits are authorized when the Board desires additional on-site monitoring to evaluate various programmatic issues. An action to “affirm” implies that a previously established certification term has been confirmed. An action to “continue” implies that the certification term has been extended.

None

Monitoring During the Certification Period

The interim reports for the programs of the following schools were reviewed. For each program, the certification term was affirmed. If additional on-site monitoring has been requested through a focused on-site evaluation, it is so indicated.

Ajman University (AU), College of Pharmacy and Health Sciences, Ajman and Fujairah, United Arab Emirates (UAE)

Bachelor of Pharmacy Degree Program (2017-18; 2019-20); the standard two-year post Certification focused visit is scheduled for the Spring 2020 Cycle

Qassim University, College of Pharmacy, Almelida, Buraydah City, Kingdom of Saudi Arabia

Doctor of Pharmacy Degree Program (2018-9; 2022-23); comprehensive visit for continuation of Certification is scheduled for the Fall 2022 Cycle

Review of Programs with Substantive Change and Other Requests

Substantive change notifications from the following schools were received (action noted in parentheses):

Qassim University, College of Pharmacy, Almelida, Buraydah City, Kingdom of Saudi Arabia
(change noted; no further action required)

Al Ain University, College of Pharmacy, Al Ain and Abu Dhabi, United Arab Emirates (UAE)
(change noted; no further action required)

Jordan University of Science and Technology, College of Pharmacy and Health Sciences, Irbid, Hashemite Kingdom of Jordan

(change noted; update requested in the Spring 2020 interim report)

Applied Science Private University, Faculty of Pharmacy, Amman, Hashemite Kingdom of Jordan

(change noted; on-site evaluation team to evaluate as component of Spring 2020 visit)

JSS Academy of Higher Education and Research, College of Pharmacy, Republic of India

(change noted; update requested in the Spring 2020 self-study report)

VIII. Accreditation Actions for Pharmacy Technician Education and Training Programs, in collaboration with the American Society of Health-System Pharmacists (ASHP)

The Accreditation Actions for Pharmacy Technician Education and Training Programs recommended by the Pharmacy Technician Accreditation Commission at their October 29-30, 2019 meeting were approved by both the ACPE and ASHP boards of directors during their January meetings.

**IX. Opportunity for Comment
Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations, Academic Year 2020-2021**

The programs of the colleges and schools of pharmacy listed below are to be considered for accreditation during the upcoming academic year (2020-2020). On-site evaluations have been scheduled for fall or spring terms, as noted. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for preaccreditation or accreditation. Copies of the ACPE Accreditation Manual are available, upon request, by writing to ACPE, 190 South LaSalle Street, Suite 2850, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the ACPE office not later than September 1, 2020 for fall 2020 or November 1, 2020 for spring 2021. The procedure for considering third-party comments received by the deadlines noted above should provide treatment in a way that is fair and equitable to all parties, including opportunity for response by the colleges and schools of pharmacy prior to ACPE's accreditation action.

Providers of Continuing Pharmacy Education Scheduled for Review for Purposes of Continued Accreditation, Year 2020-2021

The providers of continuing pharmacy education listed below are to be considered for continued accreditation during 2020-2021. Opportunity is hereby given for the submission of written third-party comments concerning qualifications for accreditation. Copies of the ACPE *Standards for Continuing Pharmacy Education* and the *Policies and Procedure Manual: A Guide for ACPE-accredited Providers*, are available, upon request, by writing to ACPE, 190 South LaSalle Street, Suite 2850, Chicago, Illinois 60603, or through the ACPE website (www.acpe-accredit.org). Written third-party comments must be received in the Council office not later than September 1, 2020, for fall 2020, and not later than November 1, 2020, for spring 2021. The procedure for considering third-party comments received by the deadlines noted above should provide for treatment in a way that is fair and equitable to all parties, including opportunity for response by the provider prior to ACPE's accreditation action.
