

ACCREDITATION COUNCIL FOR PHARMACY EDUCATION
REPORT OF PROCEEDINGS
January 28-30, 2026

I. Public Interest Panel Review of Professional Degree Programs

The ACPE Public Interest Panel met on January 7, 2026, to discuss the professional degree programs scheduled for review by the ACPE Board of Directors during its January 28-30, 2026, meeting. Evaluation team reports and other materials associated with the evaluation of the professional degree programs were duly considered, and a report of the Panel's discussion was prepared and presented to the ACPE Board at its January 28-30, 2026, meeting. The Board considered the comments and recommendations of the Panel. Panel members who participated in the meeting of the Public Interest Panel were: Tim Donovan, Judy Martin-Holland, and Margaret Steele.

II. Accreditation Actions for Professional Degree Programs, taken at the ACPE Board of Directors Meeting, January 28-30, 2026

A list of accredited professional degree programs of colleges and schools of pharmacy, which designates the respective preaccreditation and accreditation status of the programs and the academic year for the next currently scheduled evaluation, is posted on the ACPE web site at www.acpe-accredit.org.

Accreditation Actions

On the basis of self-studies, comprehensive and focused evaluations, communications received from the institutions, ongoing annual review of North American Pharmacist Licensure Examination (NAPLEX) passing rates, entry class size, and attrition and on-time graduation rates, as well as the comments of the Public Interest Panel, the Board of Directors determined the accreditation status of the following professional programs, along with preaccreditation and accreditation terms and conditions.

In order to be eligible for initial or continuing accreditation, the Doctor of Pharmacy program must be part of an independent College or School of Pharmacy or a College or School of Pharmacy within a University, which is regularly incorporated and is a legally empowered postsecondary educational institution. The institution housing the College or School, or the independent College or School, must be accredited by a regional accreditation agency recognized by the U.S. Department of Education, another agency acceptable to the Accreditation Council for Pharmacy Education (ACPE), or actively seeking such status and in good standing with that agency. Accreditation standards call for a College or School of Pharmacy as an organizational unit and the administrative structure of the College or School of Pharmacy must provide for a Dean, who serves as the chief administrative and academic officer. Evaluation for purposes of preaccreditation and initial or continued accreditation requires an invitation by the chief executive officer, or designate, of the institution.

An action to "affirm" implies that a previously established accreditation term has been confirmed. An action to "continue" implies that the accreditation date has been extended.

The customary review cycle for established accredited programs is eight years. The customary review cycle for new programs achieving initial accredited status is two years.

The dates indicated in parentheses for each College or School are the academic year of the most recent determination of accreditation status and the academic year of the next scheduled comprehensive or focused review for determination of accreditation status, and thus define the present accreditation term for the Doctor of Pharmacy program. An (*) following these dates indicate a shortened accreditation term.

The accreditation actions are as follows:

Continued Accredited Status

Belmont University College of Pharmacy and Health Sciences

Doctor of Pharmacy Program: Accredited status continued. (2025-2026) (2033-2034)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Ohio State University College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2025-2026) (2033-2034)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Thomas Jefferson University Jefferson College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2025-2026) (2033-2034)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Touro University Touro College of Pharmacy

Doctor of Pharmacy Program: Accredited status continued. (2025-2026) (2033-2034)

The ACPE Board of Directors finds the Doctor of Pharmacy program to be in compliance with all accreditation standards.

Focused On-Site Evaluation Visits

Focused evaluation visits are authorized when the Board is desirous of additional monitoring to evaluate various programmatic issues and/or initiatives, e.g., adding a branch campus or launching a new pathway. An action to “affirm” implies that a previously established accreditation term has been confirmed. An action to “continue” implies that the accreditation date has been extended, usually to reestablish the customary eight-year cycle.

Shenandoah University Bernard J. Dunn School of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2019-2020) (2027-2028)

South College School of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2020-2021) (2028-2029)

Texas Tech University Health Sciences Center Jerry H. Hodge School of Pharmacy

Doctor of Pharmacy Program: Accredited status affirmed. (2019-2020) (2027-2028)

Monitoring During the Accreditation Period

Interim Reports, Annual Monitoring Parameters, and/or Substantive Changes for the Doctor of Pharmacy programs of the following colleges/schools were reviewed.

Interim Report Reviews

California Northstate University College of Pharmacy
Chapman University School of Pharmacy
Creighton University School of Pharmacy and Health Professions
Duquesne University School of Pharmacy
D'Youville University School of Pharmacy

Standard 5: Faculty and Staff continued to be cited as Partially Compliant

 Wingate University School of Pharmacy

Review of Complaints

Twenty-five complaints, with all complaints from either a student or faculty member from one of thirteen accredited Doctor of Pharmacy programs, were received during the fall 2025 cycle. Following the Board's review of each complaint, three complaints are open and awaiting additional information. All other complaints have been closed based upon ACPE's investigation.

Policy Updates

The ACPE Board of Directors approved an update to the Policies and Procedures Manual in January 2026 to provide additional language for branch campus/pathway NAPLEX results requirement on program website, removal of AAMS language, and artificial intelligence (AI) disclosure. The updated manual can be found on the ACPE website:
<https://www.acpe-accredit.org/pdf/CSPoliciesandProceduresJanuary2026.pdf>.

III. Accreditation Actions for Providers of Continuing Pharmacy Education.

The ACPE Board of Directors accepted the report of the ACPE Continuing Pharmacy Education Commission at the January 28-30, 2026, meeting. Results of the evaluation of submitted applications and ACPE-accredited providers reviewed for reaccreditation by the Commission were presented to the ACPE Board of Directors in January 2026. These are depicted in these Report of the Proceedings as follows:

| | | | | |
|-----------|---|----------------------|-----------------|-------------|
| 1. | Accreditation of New Applications. Organizations seeking ACPE-accredited provider status are asked to submit an Application for Initial Accreditation. This application asks questions regarding the applicant's experience related to areas addressed by ACPE's standards for continuing pharmacy education. Initial terms of accreditation are usually for a short term with a First Review in 1 year and a Second Review in 2 years. | | | |
| | Applicant Organization | Provider Type | Location | Term |
| 1. | Cooperativa de Farmacias Puertorriquenas (CooPharma) | Local Association | Puerto Rico | 2-year |
| 2. | Quess 360 Pharmacy Solutions | Educational Company | Canada | 2-year |

| | | | | |
|-----------|--|-------------------------------|--------------|--------------------|
| 2. | Submission of First Review Reports by Applicants Accredited in Fall 2024. | | | |
| | First Review Report | Provider Type | State | Next review |
| 1. | Binaytara Foundation | Educational Company | WA | Fall 2026 |
| 2. | Classward LLC | Educational Company | OR | Fall 2026 |
| 3. | Mission Hospital | Hospitals; Healthcare Network | NC | Fall 2026 |
| 4. | Nuvance Health | Hospitals; Healthcare Network | NY | Fall 2026 |

| | | | | |
|-----------|---|-------------------------------|--------------|-----------------------------|
| 3. | Submission of Second Review Reports by Applicants Accredited in Fall 2023. | | | |
| | Second Review Reports | Provider Type | State | Comprehensive Review |
| 1. | UH Hospitals | Hospitals; Healthcare Network | OH | Fall 2029 |

| 4. | Consideration for Continued Accreditation on the Basis of Comprehensive Reviews. The submitted Self-Assessment Report undergoes a CPE Commissioner review, an internal (ACPE staff) review, an external (Field reviewer) review, a review of all records including correspondence, Activity Description Forms (ADFs), complaints (if any) and third-party comments. The Comprehensive Review for Continued Accreditation provides the basis for the ACPE Board's action to continue the provider's term of accreditation. The standard term of accreditation is six years. | | | | |
|-----|--|-----------------------------------|-------|----------------|----------------------|
| | Organization Name | Provider Type | State | Interim Report | Comprehensive Review |
| 1. | Albertsons Companies, Inc. | Other | ID | Fall 2026 | Fall 2031 |

| 4. | Belmont University College of Pharmacy and Health Sciences | College or School | TN | Fall 2026 | Fall 2031 |
| 5. | Campbell University College of Pharmacy and Health Sciences | College or School | NC | | Fall 2031 |
| 6. | CPE Consultants, LLC | Educational Companies | OH | Fall 2026 | Fall 2031 |
| 7. | European Association of Hospital Pharmacists (EAHP) | National Association | INT | Fall 2027 | Fall 2031 |
| 8. | Harris Health | Hospitals; Health Care Network | TX | Fall 2026 | Fall 2031 |
| 9. | Lippincott Continuing Medical Education Institute, Inc. | Publishers | PA | Fall 2026 | Fall 2031 |
| 10. | MAD-ID, Inc. | Educational Companies | MI | Fall 2026 | Fall 2031 |
| 11. | National Community Pharmacists Association | National Association | VA | Fall 2026 | Fall 2031 |
| 12. | PharmCon | Educational Companies | PA | Fall 2026 | Fall 2031 |
| 13. | South Carolina Pharmacy Association | State or Local Associations | SC | | Fall 2031 |
| 14. | Southeastern Michigan Society of Health-System Pharmacists | State or Local Associations | MI | Fall 2026 | Fall 2031 |
| 15. | Temple University School of Pharmacy | College or School | PA | | Fall 2031 |
| 16. | University Health | Hospitals; Health Care Network | TX | | Fall 2031 |
| 17. | University of North Carolina Eshelman School of Pharmacy | College or School | NC | Fall 2026 | Fall 2031 |
| 18. | University of Texas at Austin College of Pharmacy | College or School | TX | Fall 2026 | Fall 2031 |
| 19. | WellStar Health System Pharmacy | Hospitals; Health Care Network | GA | | Fall 2031 |

| | | | | |
|-----------|---|----------------------------|--------------|------------------------|
| 5. | Consideration for Continued Accreditation on the Basis of Comprehensive Reviews that resulted in a shortened term. Providers who have a shortened term of accreditation of 1 year are asked to submit a Progress Report. | | | |
| | Organization Name | Provider Type | State | Progress Report |
| 1. | Arizona Pharmacy Association | State or Local Association | AZ | Fall 2026 |

| | | | | | |
|-----------|--|--------------------------------|--------------|-----------------------|-----------------------------|
| 6. | Consideration for Continued Accreditation on the Basis of Interim Reports. Providers with a standard term of accreditation of 6 years are asked to submit an Interim Report, usually in one or two years. The Interim Report serves as an update on specific issues that were identified in the provider's Comprehensive Review. Action required to affirm status and terms and to determine additional reporting as needed or to modify previously established terms and determine new reporting requirements. | | | | |
| | Accredited Provider | Provider Type | State | Interim Report | Comprehensive Review |
| 1. | American College of Apothecaries, Inc. | National Association | TN | | Fall 2029 |
| 2. | Association for Medication Education, Inc. | State or Local Association | FL | Fall 2026 | Fall 2030 |
| 3. | Atlanta Academy of Institutional Pharmacists | State or Local Association | GA | | Fall 2030 |
| 4. | Children's Health | Hospitals; Health Care Network | TX | | Fall 2027 |
| 5. | Detroit Medical Center Department of Pharmacy Services | Hospitals; Health Care Network | MI | Fall 2026 | Fall 2030 |

IV. Accreditation Actions for Joint Accreditation for Interprofessional Continuing Education™

Eighteen (18) new applicants, twenty-four (24) reaccreditations, seventeen (17) progress reports were presented to review this cycle. The decisions were presented when each of the three boards from the Accreditation Council for Pharmacy Education (ACPE), American Nurses Credentialing Center (ANCC) and the Accreditation Council for Continuing Medical Education (ACCME) convene.

ACPE made forty-two (42) accreditation decisions and seventeen progress report decisions for Joint Accreditation for Interprofessional Continuing Education™.

Twelve (12) initial applicants achieved Joint Accreditation for Interprofessional Continuing Education and need to submit progress reports within one year. Two (2) initial applicants did not receive joint accreditation. None of the initial applicants were awarded Joint Accreditation with Commendation.

Twenty-four (24) jointly accredited providers were reaccredited; nine (9) providers need to submit progress reports within one year, no providers were placed on Probation, and eight (8) jointly accredited providers received Joint Accreditation with Commendation.

For providers who submitted progress reports: eleven (11) jointly accredited providers demonstrated that all criteria have been brought into compliance, two (2) jointly accredited providers need to submit a progress report, and one (1) provider will continue on Probation.

These decisions have also been made by the Accreditation Council for Continuing Medical Education (ACCME) and the American Nurses Credentialing Center. The ACCME, ACPE, and ANCC collaborate to offer a single pathway for accreditation for organizations offering interprofessional continuing education (IPCE).

V. Continuing Professional Development (CPD)

In January 2024, the ACPE Board of Directors approved an ACPE Accreditation Framework for a *Continuing Professional Development Program* which includes the *Criteria* for organizations to develop a *Continuing Professional Development Program, A Model for Continuing Professional Development Credit, and Policies and Procedures*. Educational webinars and workshops are being conducted; for specific information, guidance, and examples, please see the website: <https://www.acpe-accredit.org/continuing-professional-development/>.

| | | | | |
|----|---|------------------------------|--------------|---|
| 1. | Organizations with ACPE-accredited CPD program status are asked to submit a one-year report for Continued Accreditation following their initial accreditation granted during the Fall 2025 cycle. This report addresses areas in need of improvement or additional documents requested, as outlined in the application actions and recommendations. Staff recommendations for continued accreditation are based on an assessment of the applicant’s ability and intent to comply with ACPE’s CPD principles, including communications and reporting submitted by the provider. | | | |
| | Applicant Organization | Provider Type | State | Term |
| 1. | The University of Florida College of Pharmacy | College or School | FL | 2 Year Term (F2027) with Progress Report F2026 |
| 2. | Dana-Farber Cancer Institute | Hospitals and Health Systems | MA | 2 Year Term (F2027) |

VI. International-Accreditation and International-Preaccreditation Actions for Professional Degree Programs based outside the United States of America and its Territories:

International-Accreditation and International-Preaccreditation Actions

On the basis of self-study reports, interim reports, evaluation visits, communications received from the institutions, as well as the comments and recommendations of the ACPE International Commission, the Board of Directors determined the International-Accreditation Status of the following professional degree programs, along with the International-Accreditation Term and conditions.

In order to be eligible for International-Accreditation, the professional degree program in pharmacy must be part of an independent college of pharmacy, a college of pharmacy within a university, or other structure approved by the Board. The college or university must be a postsecondary educational institution that is regularly incorporated, legally empowered, and authorized to award such a degree in accordance with national and/or regional laws and regulations. The institutional environment or setting for the professional degree program must be equivalent to a university and include a mission that encompasses professional education, scholarship, research, and service. To be granted International-Accreditation, the college of pharmacy must have graduated at least one class of students from the professional degree program in pharmacy for which International-Accreditation is being applied. Evaluation for purposes of granting or continuing of International-Accreditation or International-Preaccreditation by ACPE requires an invitation by the chief executive officer or designate of the institution.

To apply for International-Accreditation or International-Preaccreditation, a college must submit an application, a self-study report of the program, and any additional materials specified by ACPE. After receipt of the application, self-study report, and other required materials, a preliminary review of the application is conducted to confirm eligibility and evaluate the application. The findings and conclusions from the review are presented to the International Commission, which in turn makes a recommendation to the Board regarding authorization of an evaluation visit. If the Board authorizes an evaluation visit, it is scheduled in accord with standard evaluation and operational procedures.

“International-Accreditation (online evaluation)” is awarded to a program whose comprehensive initial evaluation visit was conducted online. An on-site Verification Visit must be successfully conducted for the program to redesignated from “International-Accreditation (online evaluation)” to International-Accreditation.

A program applying for initial International-Accreditation may be awarded Provisional International-Accreditation by the Board if there are compliance issues. Provisional International-Accreditation is awarded for a maximum period of two (2) years; within that period, if the Criterion is brought into compliance, the program can advance to International-Accreditation.

The customary term for programs granted initial International-Accreditation is two years. The customary review cycle (period between comprehensive evaluation visits) for established internationally-accredited programs is six years. The dates indicated in parentheses for each college below are the academic year¹ of the most recent determination² of International-Accreditation Status and/or the International-Accreditation Term and the academic year of the next scheduled determination of International-Accreditation Status and/or Term, and thus define the present International-Accreditation Term for the professional degree program.

¹ For consistency, evaluation cycles and academic years are named in accordance with the standard terminology used by ACPE for accreditation and international-accreditation activities and reporting. Academic years run from July 1 to June 30.

² Determination includes granting of International-Accreditation Status, a change of International-Accreditation Status, a continuation of International-Accreditation Status (new Term), and other changes of an International-Accreditation Term (e.g., shortening); it does not include affirmation of an existing International-Accreditation Status and Term.

Consideration of Authorization of an Initial Evaluation Visit for International-Accreditation

A comprehensive evaluation visit was authorized to be conducted during spring 2026 to provide the basis for the Board's consideration of International-Accreditation of the listed program(s) at the June 2026 meeting.

Imam Abdulrahman bin Faisal University, College of Pharmacy, Saudi Arabia

Bachelor of Pharmacy (PharmD)

Consideration of Authorization of an Initial Evaluation Visit for International-Preaccreditation

A comprehensive evaluation visit was authorized to be conducted during spring 2026 to provide the basis for the Board's consideration of International-Preaccreditation of the listed program(s) at the June 2026 meeting.

None.

Consideration of Granting International-Accreditation

An evaluation visit was conducted in fall 2025 which provided the basis for the Board's consideration of granting International-Accreditation status to the following program(s). Programs for which the initial evaluation was conducted online include the designation (online evaluation). The action taken by the Board is provided for each program along with the year of the next evaluation visit. For programs granted initial-accreditation, a two-year initial term of International-Accreditation is customary.

Al Mustaqbal University, College of Pharmacy, Iraq

Bachelor Degree in Pharmacy Sciences: Granted Provisional International-Accreditation (online evaluation) (2025-2026) (2027-2028)

Arab American University, Faculty of Pharmacy, Palestine

Bachelor of Pharmacy: Granted International-Accreditation (online evaluation) (2025-2026) (2027-2028)

Hashemite University, Faculty of Pharmaceutical Sciences, Jordan

Bachelor of Pharmacy: Granted International-Accreditation (2025-2026) (2027-2028)

National University of Science and Technology, College of Pharmacy, Oman

Bachelor of Pharmacy: Granted International-Accreditation (2025-2026) (2027-2028)

University of Hafr Al-Batin, College of Pharmacy, Saudi Arabia

Doctor of Pharmacy: Granted International-Accreditation (2025-2026) (2027-2028)

Consideration of Granting International-Preaccreditation

An evaluation visit was conducted in fall 2025 which provided the basis for the Board's consideration of granting International-Preaccreditation status to the following program(s). Programs for which the initial evaluation was conducted online include the designation (online evaluation). The action taken by the Board is provided for each program.

American University of Iraq – Sulaimani, College of Pharmacy, Iraq

Bachelor of Pharmacy: Granted International-Preaccreditation (online evaluation) (2025-2026) (2027-2028)

Dubai Medical University, College of Pharmacy, United Arab Emirates

Doctor of Pharmacy: Granted International-Preaccreditation (2025-2026) (2027-2028)

Consideration of Advancement from International-Preaccreditation to International-Accreditation

An evaluation visit was conducted in fall 2025 which provided the basis for the Board's consideration of advancing the listed program(s) from International-Preaccreditation to International-Accreditation status. The action taken by the Board is provided for each program.

JSS Academy of Higher Education and Research – Mauritius, School of Pharmacy, Mauritius
Bachelor of Pharmacy: Granted International-Accreditation (2025-2026) (2027-2028)

Consideration of Continued International-Accreditation (Focused Evaluation)

A focused evaluation was conducted in fall 2025 which provided the basis for the Board's consideration of continuing the International-Accreditation status of the listed program(s). The action taken by the Board is provided for each program along with the year of the next evaluation visit. Following an initial two-year term of International-Accreditation, programs are eligible for up to an additional four-year term.

Mustansiriyah University, College of Pharmacy, Iraq
Bachelor of Pharmacy: Continued International-Accreditation (online evaluation) (2025-2026) (2029-2030)

Qassim University, College of Pharmacy, Saudi Arabia
Doctor of Pharmacy: Affirmed International-Accreditation (2025-2026) (2028-2029)

University of Sharjah, College of Pharmacy, United Arab Emirates
Bachelor of Pharmacy, Doctor of Pharmacy: Continued International-Accreditation Status (2025-2026) (2029-2030)

Consideration of Continued International-Preaccreditation (Focused Evaluation)

A focused evaluation was conducted in spring 2025 which provided the basis for the Board's consideration of continuing the International-Preaccreditation status of the listed program(s). The action taken by the Board is provided for each program.

JSS Academy of Higher Education and Research – Mauritius, School of Pharmacy, Mauritius
Doctor of Pharmacy: Continued International-Preaccreditation (2025-2026) (2027-2028)

Consideration of Continued International-Accreditation (Comprehensive Evaluation Visit)

The Board continued the International-Accreditation of the following program(s):

Al Zaytoonah University, Faculty of Pharmacy, Jordan
Bachelor of Science in Pharmacy: Continued International Accreditation (2025-2026) (2031-2032)

Consideration of Redesignation of Status Based on a Verification Visit

The Board redesignated the Status of the following program(s) which had the prior initial evaluation visit conducted online:

None.

Administrative Extension

The Board granted an administrative extension until June 30, 2026, for the listed program(s):

Prince Sattam bin Abduaziz University, College of Pharmacy, Saudi Arabi

Najran University, College of Pharmacy, Saudi Arabia

United Arab Emirates University College of Medicine and Health Sciences, United Arab Emirates

University of Sharjah, College of Pharmacy, United Arab Emirates

Annual Monitoring

Annual monitoring concerns were reviewed for the following program(s):

None.

Revision of the International-Accreditation Policies and Procedures

The ACPE Board of Directors approved updates to the Policies and Procedures for the International-Accreditation of Programs located Outside of the United States and its Territories. The updated policies address programs utilized distance education for the delivery of the pharmacy program, limit the administrative extension of the accreditation term to a single extension, and clarify the application process for programs holding International-Accreditation status for a program and seeking recognition for an additional program(s). The updated policies can be found on the ACPE website: [International Services Program - Accreditation Council for Pharmacy Education](#).

Comprehensive Evaluation Visits in the Next Cycle

The following comprehensive evaluation visits are scheduled for the fall 2026 Evaluation Cycle for consideration of initial or continued International-Accreditation:

None.

VII. Accreditation Actions for Pharmacy Technician Education and Training Programs, in collaboration with the American Society of Health-System Pharmacists (ASHP)

The Accreditation Actions for Pharmacy Technician Education and Training Programs recommended by the Pharmacy Technician Accreditation Commission at their October 22-23, 2025, meeting were approved by both the ACPE and ASHP boards of directors during their January 2026 meetings.

The revised ASHP/ACPE Accreditation Standards for Pharmacy Technician Education and Training Programs were approved by the ACPE and ASHP boards of directors during their January 2026 meetings.

VIII. Opportunity for Comment **Professional Programs of Colleges and Schools of Pharmacy Scheduled for On-Site Evaluations during 2026-2027**
